

## ARGENTINE IN THROES OF GENERAL STRIKE

### TROOPS ARRIVE FROM PROVINCES

German Government Forces Effect Junction With Large Reinforcements.

### WIDEN BARRED ZONES

Battalion of Students Has Been Raised in Berlin and Airplanes Hover Buildings Held by Spartacans.

Paris, Jan. 11.—The government forces have widened the barred zones inside the city of Berlin and have effected a junction with the troops coming from the provinces and those already in the city, according to the latest news.

At a critical moment in the fighting Thursday, according to advices received by way of Frankfurt, the corps of Republican guards, which had been supporting Eickhorn, the Spartacan police chief, deserted him. Fourteen companies, numbering 3,600 men, placed themselves at the disposal of the government whose troops then were pouring into the city to the number of between 70,000 and 80,000, each carrying 50 rounds of ball cartridges. A battalion of students has been raised and armed by the government and airplanes are hovering menacingly over the buildings occupied by the Spartacans.

The elimination of Eickhorn, the Spartacan police chief whose refusal to resign led to the present trouble in Berlin, may be an accomplished fact. A Zurich report received here says that he has fled from Berlin.

The Spartacans, according to Copenhagen advices, have occupied one of the waterworks in Berlin and now are attempting the seize the cattle market with the object of cutting off their adversaries' supplies of meat. The government forces, anticipating the scheme, have been reinforced with many machine guns.

### Government Proclamation.

Berlin, Jan. 11.—The government today issued a proclamation attacking Die Freiheit for its continued denunciations of the Ebert-Scheidemann cabinet while at the same time attempting to act as negotiating agent for the radicals who are plotting to overthrow the government. The proclamation accused the newspaper not only of publishing a vicious and distorted account of the street fighting and of charging the government troops with needless brutality, but also of engaging in double dealing and treachery in sending its henchmen, including Haase, Dittmann, Barth and Breitscheid, to act as emissaries for the Spartacans.

The civic elements in Berlin are giving Gustav Noske, who has charge of the government's defensive measures, their active support and the governmental recruiting officers are busy signing up volunteers.

### TO DEPORT INTERNED FOES

Bill Prepared by Attorney General Is Introduced.

Washington, Jan. 11.—Legislation authorizing deportation of Germans and other aliens, interned during the war, was requested by Attorney General Gregory.

He sent the draft of a bill to Representative Burnett of Alabama, chairman of the immigration committee, who at once introduced it in the house.

Deportations, by the terms of the bill, would be on the warrant of the secretary of labor, that the aliens were "undesirable residents because they had been ordered interned."

### CONSIDERS ITALY'S CLAIMS

Reported President Wilson Will Not Support All.

Paris, Jan. 11.—President Wilson, it is said, has virtually made up his mind how far he will support Italy's claims at the peace table and informed Premier Orlando of his decision, but it is probable his ideas will not be made known publicly until the peace delegates have been advised of them.

It is asserted by persons close to the president that he favors only partial endorsement of Italy's ambitions.

### PRESIDENT SIGNS MEASURE

Approves First Bill Sent to White House Since He Left.

Washington, Jan. 11.—Notice of the signing by President Wilson in France of the first bill sent to the White House by congress after the president sailed last month was cabled to Secretary Tumulty. It was the measure authorizing the payment of transportation home of war workers leaving the government service.

A. J. EARLING  
Board Chairman of Milwaukee  
Railway Resigns.

The resignation of Albert J. Earling, chairman of the board of directors of the Chicago, Milwaukee and St. Paul railway, has been announced. He built the Milwaukee line to the Pacific coast and made it the first line to use electricity in operating over the Continental Divide.

### BURLESON WINS SUIT

Cable Companies Are Denied Restraining Order.

Suit to Prevent Government Taking Over Lines Is Dismissed in Federal Court.

New York, Jan. 11.—The injunction suit brought by the Commercial Cable company and the Commercial Pacific Cable company against Postmaster General Burleson to restrain him from taking over for the government their respective cable lines was dismissed by Federal Judge Hand.

The court's decision was based on the contention of the United States district attorney that the court was without jurisdiction in the case inasmuch as the action was undertaken by President Wilson as an executive act for war purposes.

### FRAME IRISH CONSTITUTION

Sinn Feiners Are Planning Meeting in Near Future.

Dublin, Jan. 11.—A constituent assembly, the date of which has not yet been fixed, will determine the terms of a constitution for Ireland. Sinn Fein plans for the assembly are delayed because 34 of those recently elected to the British parliament are in jail.

The Sinn Feiners are confining their activities to securing the release of these members and many meetings are being held throughout Ireland demanding that the imprisoned ones be set free.

### DISAPPROVE RAILWAY PLAN

Shippers and Security Owners Oppose Cabinet Position.

Washington, Jan. 11.—Attitude of shipping interests, railroad securities owners and state commissioners toward railroad legislation became known in part here in advance of their presentation by representatives of the various interests to the Senate Commerce commission next week.

Shippers oppose establishment of a secretary of transportation, and the federal incorporation of railroad companies, as advocated by railway executives.

### PREPARE FOR FINISH FIGHT

New York Marine Workers and Employers Deadlocked.

New York, Jan. 11.—No hope of an early settlement of the strike which has paralyzed the port of New York for two days is apparent. Leaders of the 16,000 workers on tugboats, lighters and ferryboats declared they were prepared for a finish fight. Their employers, members of the Boat Owners' association, were equally emphatic in their assertion they never would yield to the demand for an eight-hour day.

### BLAMES MILITARY OFFICIALS

Postal Authority Tells Why Soldiers Failed to Get Mail.

Washington, Jan. 11.—Blame for delays in the transmission of mail to and from soldiers overseas was placed on the War department by Second Assistant Postmaster General Praeger in testimony before the Senate Postoffice committee. Most of the trouble, he said, was due to "carelessness" on the part of military officials and the War department's failure to co-operate with the postal authorities.

WALKED D. HINES  
APPOINTED RAILROAD  
DIRECTOR GENERAL

(By United Press)  
Los Angeles, Jan. 11.—Wm. G. McAdoo here today announced President Wilson had cabled the appointment of Walker D. Hines as director general of railroads effective immediately. Hines was assistant director under McAdoo. The appointment occasions little surprise in Washington.

### Present Cabinet Will Direct Peace Negotiations

(By United Press)

London, Jan. 11.—The present war cabinet will direct the British peace negotiations despite the appointment of a new ministry. It was officially announced today. The morning papers are almost unanimously attacking Lloyd George, saying he merely reshuffles the ministry.

### Serious Rioting in German Cities

(By United Press)

Copenhagen, Jan. 11.—Serious rioting occurred yesterday at Dresden, Stuttgart, Hamburg, Dusseldorf, and Nuremberg say dispatches from German sources. The Spartacans are said to have seized the city hall and newspaper offices in these cities. The fighting is still going on in Hamburg. The Spartacans control Hamburg. It is reported at Amsterdam.

### German Government is Growing Stronger

(By United Press)

Berlin, Jan. 11.—The position of the Ebert-Scheidemann government is growing stronger every hour while the insurgents are rapidly diminishing, says an official Berlin announcement. The fighting with the Spartacans continues for the newspaper offices, the railway stations and important buildings.

### Foch Invites the Germans to Confer

(By United Press)

London, Jan. 11.—Marshal Foch has invited the German supreme command to Treves January 14th to confer regarding the extension of the armistice.

### Strike Paralyzes Business in Southern Republic

BY JAMES I. MILLER,  
(Staff Correspondent, United Press)

Buenos Aires, Jan. 11.—A complete paralysis of railroad traffic throughout Argentina was scheduled for today. The general situation is rapidly developing possibilities of an open revolution. The national federation of railway workers notified its sub-organizations that all trains in the country will be stopped before night. The general strike is spreading into the interior but there was no new fighting in Buenos Aires. The establishment of a military dictatorship last night by General Bellegiane, commander of the first military region, was expected to bring matters to a head. The police admitted that fifty had been killed and scores wounded in last night's fighting.

### Strike Anarchist Movement Says General

BY JAMES I. MILLER  
(United Press Staff Correspondent)

Buenos Aires, Jan. 11.—The general strike here is part of an anarchist movement which will spread to the United States and the rest of the world unless stamped out at once, General Luis Dellepiane, self imposed military dictator told the United Press today. Dellepiane admitted he is acting on his own initiative but is confident President Irigoyen will approve his course.

### German Disorder Threatens Coal Supply

BY WEBB MILLER  
(United Press Staff Correspondent)

With American Headquarters in Germany, Jan. 11.—Disorders in Berlin with the resultant interruption of railway traffic are threatening to cut off the coal supply of the allies army of occupation. A commission of American, French and British officials left for the coal fields to investigate conditions. The Americans alone use 25,000 tons of coal.

### Liebknecht Reported Killed in Fighting

(By United Press)

Copenhagen, Jan. 11.—Reports were received here today that Karl Liebknecht, the leader of the Spartacans was killed during street fighting in Berlin on Thursday night.

### Peace Must be Partly Socialistic and Economic

BY FRANK J. TAYLOR  
(United Press Staff Correspondent)

Budapest, Jan. 11.—"No peace which is not partially socialistic will safeguard the world from future wars, President Wilson has this in mind. It constitutes his 15th point—as yet unstated—which must be developed before a treaty is signed."

In these words Count Michael Karolyi Hungarian premier, described to the United Press today what he believes should be accomplished at the peace conference. The premier emphasized the fact that he is not socialistic himself, and that he intends to continue his fight against Bolshevism, but he declared he is absolutely convinced that peace must be social and economic as well as political.

### BANDITS GET \$5,000

Rob Bank at North St. Paul at Noon Hour and Escape.

Employees and Customer Locked in Vault by Armed Trio, Who Take Cash and Flee.

North St. Paul, Minn., Jan. 11.—After forcing the cashier, a woman employee and a patron into the vault, three unmasked men, armed with pistols, escaped with \$5,000 from the First State bank here.

The robbery took place at noon. According to the information given the police by the persons who were in the bank at the time of the robbery, the three men, all of whom were young, all entered the bank.

Take All Cash in Sight.

Walking to the cashier's window, two of the men drew pistols and ordered the cashier and the woman assistant to put up their hands. The other bandit forced the customer at the point of a pistol to enter the enclosure with the bank employees.

While one of the men guarded the three persons, the other two rifled the drawers and the vault, taking all the cash and currency in sight.

Then they forced the woman and two men into the vault, closed the door and fled.

Residents of North St. Paul told the police they saw three men leave the bank shortly after noon and start in the direction of Minneapolis.

### To Discuss Immigration.

Washington, Jan. 11.—Prohibitory immigration legislation was discussed by the House immigration committee, which decided to hold hearings on the subject. Deportation of aliens who withdrew their declaration of intention to become American citizens in order to escape military service during the war, and of interned Germans was discussed. Chairman Burnett's bill prohibiting immigration for four years after the signing of the peace treaty was selected by the committee as subject for the hearings.

JOHN L. BURNETT  
Introduces Bill to Deport Interned Aliens.

Representative Burnett of Alabama, chairman of the immigration committee, has introduced a bill in the house prepared by Attorney-General Gregory authorizing deportation of interned aliens.

### WOULD FURNISH WORK

Secretary Lane Outlines Plan to Employ Soldiers.

Asks Congress for \$100,000,000 for Reclamation Purposes in Number of States.

Washington, Jan. 11.—At an informal meeting of members of congress held in the house chamber, Secretary Lane asked immediate consideration of the interior department's request for \$100,000,000 for the reclamation and occupation of 215,000,000 acres of tillable soil in this country by returned soldiers.

The plan of the department not only will provide labor for thousands of men discharged from the military service, Secretary Lane said, but will greatly increase the resources of the nation.

Briefly, the program contemplates that discharged soldiers be employed at current wages on vast reclamation schemes in many states and that they be permitted later to select a section of the reclaimed land for farming purposes, the government furnishing money to pay for the cost of development. This money, together with the full cost of the land and interest, would later be returned to the government.

"The project will not cost the government a penny," Secretary Lane said. "Full payment for the land will be made within 40 years."

### MISSION TO VISIT RUSSIA

Allies May Send Men to Study General Situation.

Paris, Jan. 11.—President Wilson was in conference with other members of the American mission in the offices of Gen. Tasker H. Bliss, the military member of the American delegation. Special attention is being given the Russian situation in peace conference circles here and a commission to go to Russia is being considered. It would examine into the entire economic, military and political situation.

### MOBILE POOL OF EQUIPMENT

Suggested That One Concern Own All Railroad Cars.

Washington, Jan. 11.—Ownership of all railroad cars by one concern was advocated by Chairman Clark of the Interstate Commerce commission in the railroad hearing. The railroads would rent these cars at a daily charge.

This would result in a mobile pool of equipment sufficient to meet all emergencies, Mr. Clark explained.

### HOUSE ADOPTS RESOLUTION

Approves Senate Plan to Honor Late Theodore Roosevelt.

Washington, Jan. 11.—Memorial services for Theodore Roosevelt will be held at the capitol on Feb. 9. The house passed unanimously the concurrent resolution adopted by the senate fixing the date and authorizing committees to arrange for the service.

President Wilson, ranking government officials and diplomats will be invited to participate.

### WILSON TO TELL SOLONS OF TRIP

One of First Acts on Return Will Be to Address Congress on Peace Negotiations.

### DELAY DISAPPOINTING

Slowness in Starting Surprising to U. S. Delegates—Agreement of Allies on Chief Points in Six Weeks Probable.

Paris, Jan. 11.—Conferences taking place between the Americans, British and French probably will develop just how much progress may be expected before President Wilson goes home in February. It is settled that when he reaches America one of his first acts will be to address congress and report on what has been accomplished.

Some trained diplomats among the Americans here are agreed that the most Mr. Wilson can hope to report probably will be a general undertaking of the widest sort upon a set of principles which must be left to be applied by the peace congress.

Delegations Still Unorganized. Each of the bodies of peace commissioners will necessarily go through an organization process. This work has taken the Americans a month and even now they are only partly ready. The French, of course, have their organization on the spot.

The British have brought over from England a highly developed machine ready to function. These essential preliminaries will not necessarily delay the informal conversations but they will delay the working of "group" plan conferences by which the principal belligerents expect to thresh out points which interest neutrals, non-belligerents or minor nations engaged in the war and reduce their results to memoranda which are to go to the peace congress for inclusion in the final settlement.

### Delay Disappoints Wilson.

President Wilson's feeling on coming to Europe as early as he did was that all the Entente governments had made their preparations to get down to talking peace. It is not an overstatement of the case to say that Mr. Wilson and the American commissioners have been disappointed in meeting with delays.

Up to the present all the progress that has been made has been in President Wilson's conferences with French, British and Italian statesmen. The president for his part is said to have felt that it was not prudent to disclose what went on, although he intends that the proceedings shall go on in the way of open diplomacy when he feels it is safe to lift the curtain.

The opinion most generally expressed here is that if the conference during the next six weeks establish unanimity of purpose as to the freedom of the seas, the reduction of armaments and the actual terms of peace to be imposed on the Central Powers, a great deal will have been accomplished.

### ROBBERS MAKE RICH HAUL

Burglars Steal Silks Worth \$5,000 at North St. Paul.

North St. Paul, Minn., Jan. 11.—Another big robbery was reported when officials of the North St. Paul Casket company told the police that \$5,000 worth of silk had been taken from their plant.

The same bandits who held up and robbed the First State bank of \$7,500 are believed to have stolen the silk. It was necessary for the thieves to have automobiles in order to carry the silk away.

### BERLIN IS GIVEN AIR RAID

Sixty-five Killed When German Aviators Make Attack.

Copenhagen, Jan. 11.—Berlin at last has experienced the horror of a night bombing attack. A dispatch from the Berlingske Tidende reported that government aviators attacked the Silesian railway station with bombs, killing 65 persons. The most intense fighting occurred at night in the central and southwestern portions of the city, the dispatch said. Casualties were reported to be heavy.

### ROOSEVELT WORTH \$500,000

Estate of Former President Valued at That Amount.

New York, Jan. 11.—Theodore Roosevelt left an estate estimated to be worth \$500,000. The will, it has become known, bequeaths the entire residue of the estate in trust to Mrs. Roosevelt. Colonel Roosevelt also left a trust fund of \$60,000, inherited from his father, to his five children, in equal portions. He left to his children in equal parts all of the family plate and silver.

### Army Aviators Dropping Floral Wreaths on Roosevelt Home

## ARGENTINE IN THROES OF GENERAL STRIKE

TROOPS ARRIVE  
FROM PROVINCES

German Government Forces  
Effect Junction With Large  
Reinforcements.

## WIDEN BARRED ZONES

Battalion of Students Has Been  
Raised in Berlin and Airplanes  
Hover Buildings Held by  
Spartacans.

Paris, Jan. 11.—The government  
forces have widened the barred zones  
inside the city of Berlin and have ef-  
fected a junction with the troops com-  
ing from the provinces and those al-  
ready in the city, according to the lat-  
est news.

At a critical moment in the fighting  
Thursday, according to advices re-  
ceived by way of Frankfurt, the corps  
of Republican guards, which had been  
supporting Eickhorn, the Spartacan  
police chief, deserted him. Fourteen  
companies, numbering 3,600 men,  
placed themselves at the disposal of  
the government whose troops then  
were pouring into the city to the num-  
ber of between 70,000 and 80,000, each  
carrying 50 rounds of ball cartridges.

A battalion of students has been  
raised and armed by the government  
and airplanes are hovering menacing-  
ly over the buildings occupied by the  
Spartacans.

The elimination of Eickhorn, the  
Spartacan police chief whose refusal  
to resign led to the present trouble in  
Berlin, may be an accomplished fact.  
A Zurich report received here says  
that he has fled from Berlin.

The Spartacans, according to Copen-  
hagen advices, have occupied one of  
the waterworks in Berlin and now are  
attempting the seize the cattle market  
with the object of cutting off their ad-  
versaries' supplies of meat. The govern-  
ment forces, anticipating the  
scheme, have been re-enforced with  
many machine guns.

**Government Proclamation.**  
Berlin, Jan. 11.—The government to-  
day issued a proclamation attacking  
Die Freiheit for its continued denun-  
ciations of the Ebert-Scheidemann cab-  
inet while at the same time attempt-  
ing to act as negotiating agent for the  
radicals who are plotting to overthrow  
the government. The proclamation  
accused the newspaper not only of  
publishing a vicious and distorted ac-  
count of the street fighting and of  
charging the government troops with  
needless brutality, but also of engag-  
ing in double dealing and treachery in  
sending its henchmen, including  
Haase, Dittmann, Barth and Breit-  
scheid, to act as emissaries for the  
Spartacans.

The civic elements in Berlin are giv-  
ing Gustav Noske, who has charge of  
the government's defensive measures,  
their active support and the govern-  
ment recruiting officers are busy  
signing up volunteers.

## TO DEPORT INTERNED FOES

Bill Prepared by Attorney General Is  
Introduced.

Washington, Jan. 11.—Legislation  
authorizing deportation of Germans  
and other aliens, interned during the  
war, was requested by Attorney Gen-  
eral Gregory.

He sent the draft of a bill to Repre-  
sentative Burnett of Alabama, chair-  
man of the immigration committee,  
who at once introduced it in the  
house.

Deportations, by the terms of the  
bill, would be on the warrant of the  
secretary of labor, that the aliens  
were "undesirable residents because  
they had been ordered interned."

## CONSIDERS ITALY'S CLAIMS

Reported President Wilson Will Not  
Support All.

Paris, Jan. 11.—President Wilson, it  
is said, has virtually made up his  
mind how far he will support Italy's  
claims at the peace table and informed  
Premier Orlando of his decision, but  
it is probable his ideas will not be  
made known publicly until the peace  
delegates have been advised of them.  
It is asserted by persons close to  
the president that he favors only partial  
endorsement of Italy's ambitions.

## PRESIDENT SIGNS MEASURE

Approves First Bill Sent to White  
House Since He Left.

Washington, Jan. 11.—Notice of the  
signing by President Wilson in France  
of the first bill sent to the White  
House by congress after the president  
sailed last month was cabled to Sec-  
retary Tumulty. It was the measure  
authorizing the payment of transpor-  
tation home of war workers leaving  
the government service.

A. J. EARLING

Board Chairman of Milwaukee  
Railway Resigns.

The resignation of Albert J. Earling,  
chairman of the board of directors of  
the Chicago, Milwaukee and St. Paul  
railway, has been announced. He  
built the Milwaukee line to the Pa-  
cific coast and made it the first line  
to use electricity in operating over  
the Continental Divide.

## BURLESON WINS SUIT

Cable Companies Are Denied  
Restraining Order.

Suit to Prevent Government Taking  
Over Lines Is Dismissed in  
Federal Court.

New York, Jan. 11.—The injunction  
suit brought by the Commercial Cable  
company and the Commercial Pacific  
Cable company against Postmaster  
General Burleson to restrain him from  
taking over for the government their  
respective cable lines was dismissed  
by Federal Judge Hand.

The court's decision was based on  
the contention of the United States  
district attorney that the court was  
without jurisdiction in the case inas-  
much as the action was undertaken  
by President Wilson as an executive  
act for war purposes.

## FRAME IRISH CONSTITUTION

Sinn Feiners Are Planning Meeting in  
Near Future.

Dublin, Jan. 11.—A constituent as-  
sembly, the date of which has not yet  
been fixed, will determine the terms  
of a constitution for Ireland. Sinn  
Fein plans for the assembly are de-  
layed because 24 of those recently  
elected to the British parliament are  
in jail.

The Sinn Feiners are confining their  
activities to securing the release of  
these members and many meetings are  
being held throughout Ireland de-  
manding that the imprisoned ones be  
set free.

## DISAPPROVE RAILWAY PLAN

Shippers and Security Owners Oppose  
Cabinet Position.

Washington, Jan. 11.—Attitude of  
shipping interests, railroad securities  
owners and state commissioners  
toward railroad legislation became  
known in part here in advance of their  
presentation by representatives of the  
various interests to the Senate Com-  
merce commission next week.

Shippers oppose establishment of a  
secretary of transportation, and the  
federal incorporation of railroad com-  
panies, as advocated by railway execu-  
tives.

## PREPARE FOR FINISH FIGHT

New York Marine Workers and Em-  
ployers Deadlocked.

New York, Jan. 11.—No hope of an  
early settlement of the strike which  
has paralyzed the port of New York  
for two days is apparent. Leaders  
of the 16,000 workers on tug, lighters  
and ferryboats declared they were  
prepared for a finish fight. Their employ-  
ers, members of the Boat Owners' as-  
sociation, were equally emphatic in  
their assertion they never would yield  
to the demand for an eight-hour day.

## BLAMES MILITARY OFFICIALS

Postal Authority Tells Why Soldiers  
Failed to Get Mail.

Washington, Jan. 11.—Blame for de-  
lays in the transmission of mail to  
and from soldiers overseas was placed  
on the War department by Second As-  
sistant Postmaster General Praeger in  
testimony before the Senate Postoffice  
committee. Most of the trouble, he  
said, was due to "carelessness" on the  
part of military officials and the War  
department's failure to co-operate with  
the postal authorities.

WALKED D. HINES  
APPOINTED RAILROAD  
DIRECTOR GENERAL

(By United Press)

Los Angeles, Jan. 11.—Wm.  
G. McAdoo here today announc-  
ed President Wilson had cabled  
the appointment of Walker D.  
Hines as director general of  
railroads effective immedi-  
ately. Hines was assistant direc-  
tor under McAdoo. The ap-  
pointment occasions little sur-  
prise in Washington.

Present Cabinet  
Will Direct Peace  
Negotiations

(By United Press)

London, Jan. 11.—The present war  
cabinet will direct the British peace  
negotiations despite the appointment  
of a new ministry. It was officially  
announced today. The morning pa-  
pers are almost unanimously attack-  
ing Lloyd George, saying he merely  
reshuffles the ministry.

Serious Rioting  
in German Cities

(By United Press)

Copenhagen, Jan. 11.—Serious riot-  
ing occurred yesterday at Dresden,  
Stuttgart, Hamburg, Dusseldorf, and  
Nuremberg say dispatches from Ger-  
man sources. The Spartacans are  
said to have seized the city hall and  
newspaper offices in these cities. The  
fighting is still going on in Hamburg.  
The Spartacans control Hamburg it  
is reported at Amsterdam.

German Government  
is Growing Stronger

(By United Press)

Berlin, Jan. 11.—The position of  
the Ebert-Scheidemann government  
is growing stronger every hour while  
the insurgents are rapidly diminish-  
ing, says an official Berlin announce-  
ment. The fighting with the  
Spartacans continues for the news-  
paper offices, the railway stations and  
important buildings.

Foch Invites the  
Germans to Confer

(By United Press)

London, Jan. 11.—Marshal Foch  
has invited the German supreme com-  
mand to Treves January 14th to con-  
fer regarding the extension of the  
armistice.

Strike Paralyzes  
Business in South-  
ern Republic

BY JAMES I. MILLER,  
(Staff Correspondent, United Press)

Buenos Aires, Jan. 11.—A com-  
plete paralysis of railroad traffic  
throughout Argentina was scheduled  
for today. The general situation is  
rapidly developing possibilities of  
an open revolution. The national  
federation of railway workers noti-  
fied its sub-organizations that all  
trains in the country will be stopped  
before night. The general strike is  
spreading into the interior but there  
was no new fighting in Buenos Aires.  
The establishment of a military dic-  
tatorship last night by General Bel-  
lepiene, commander of the first mili-  
tary region, was expected to bring  
matters to a head. The police ad-  
mitted that fifty had been killed and  
scores wounded in last night's fight-  
ing.

Strike Anarchist  
Movement Says General

BY JAMES I. MILLER  
(United Press Staff Correspondent)

Buenos Aires, Jan. 11.—The gen-  
eral strike here is part of an anar-  
chist movement which will spread to  
the United States and the rest of the  
world unless stamped out at once.  
General Luis Dellepiene, self imposed  
military dictator told the United  
Press today. Dellepiene admitted  
he is acting on his own initiative but  
is confident President Irigoyen will  
approve his course.

German Disorder  
Threatens Coal Supply

BY WEBB MILLER  
(United Press Staff Correspondent)

With American Headquarters in  
Germany, Jan. 11.—Disorders in Ber-  
lin with the resultant interruption of  
railway traffic are threatening to cut  
off the coal supply of the allies army  
of occupation. A commission of  
American, French and British officials  
left for the coal fields to investigate  
conditions. The Americans alone  
use 25,000 tons of coal.

Liebknecht Reported  
Killed in Fighting

(By United Press)

Copenhagen, Jan. 11.—Reports  
were received here today that Karl  
Liebknecht, the leader of the Spartac-  
ans was killed during street fighting  
in Berlin on Thursday night.

Peace Must be  
Partly Socialistic  
and Economic

BY FRANK J. TAYLOR  
(United Press Staff Correspondent)

Budapest, Jan. 11.—"No peace  
which is not partially socialistic will  
safeguard the world from future  
wars, President Wilson has this in  
mind. It constitutes his 15th point  
—as yet unstated—which must be  
developed before a treaty is signed."  
In these words Count Michael Kar-  
olyi Hungarian premier, described to  
the United Press today what he be-  
lieves should be accomplished at the  
peace conference. The premier em-  
phasized the fact that he is not so-  
cialistic himself, and that he intends  
to continue his fight against Bolshe-  
vism, but he declared he is absolute-  
ly convinced that peace must be so-  
cial and economic as well as political.

## BANDITS GET \$5,000

Rob Bank at North St. Paul at  
Noon Hour and Escape.

Employees and Customer Locked in  
Vault by Armed Trio, Who Take  
Cash and Flee.

North St. Paul, Minn., Jan. 11.—  
After forcing the cashier, a woman  
employee and a patron into the vault,  
three unmasked men, armed with  
pistols, escaped with \$5,000 from the  
First State bank here.

The robbery took place at noon. Ac-  
cording to the information given the  
police by the persons who were in the  
bank at the time of the robbery, the  
three men, all of whom were young,  
all entered the bank.

**Take All Cash in Sight.**  
Walking to the cashier's window,  
two of the men drew pistols and or-  
dered the cashier and the woman as-  
sistant to put up their hands. The  
other bandit forced the customer at  
the point of a pistol to enter the en-  
closure with the bank employees.

While one of the men guarded the  
three persons, the other two rifled the  
drawers and the vault, taking all the  
cash and currency in sight.

Then they forced the woman and  
two men into the vault, closed the  
door and fled.

Residents of North St. Paul told the  
police they saw three men leave the  
bank shortly after noon and start in  
the direction of Minneapolis.

**To Discuss Immigration.**  
Washington, Jan. 11.—Prohibitory  
immigration legislation was discussed  
by the House immigration committee,  
which decided to hold hearings on the  
subject. Deportation of aliens who  
withdrew their declaration of inten-  
tion to become American citizens in  
order to escape military service dur-  
ing the war, and of interned Germans  
was discussed. Chairman Burnett's  
bill prohibiting immigration for four  
years after the signing of the peace  
treaty was selected by the committee  
as subject for the hearings.

JOHN L. BURNETT

Introduces Bill to Deport In-  
terned Aliens.

Representative Burnett of Alabama,  
chairman of the immigration com-  
mittee, has introduced a bill in the house  
prepared by Attorney General Gregory  
authorizing deportation of interned  
aliens.

## WOULD FURNISH WORK

Secretary Lane Outlines Plan to  
Employ Soldiers.

Asks Congress for \$100,000,000 for  
Reclamation Purposes in Num-  
ber of States.

Washington, Jan. 11.—At an infor-  
mal meeting of members of congress  
held in the house chamber, Secretary  
Lane asked immediate consideration  
of the interior department's request  
for \$100,000,000 for the reclamation  
and occupation of 215,000,000 acres of  
tiltable soil in this country by re-  
turned soldiers.

The plan of the department not  
only will provide labor for thousands  
of men discharged from the military  
service, Secretary Lane said, but will  
greatly increase the resources of the  
nation.

Briefly, the program contemplates  
that discharged soldiers be employed  
at current wages on vast reclamation  
schemes in many states and that they  
be permitted later to select a section  
of the reclaimed land for farming pur-  
poses, the government furnishing  
money to pay for the cost of develop-  
ment. This money, together with the  
full cost of the land and interest,  
would later be returned to the govern-  
ment.

"The project will not cost the gov-  
ernment a penny," Secretary Lane  
said. "Full payment for the land will  
be made within 40 years."

## MISSION TO VISIT RUSSIA

Allies May Send Men to Study Gen-  
eral Situation.

Paris, Jan. 11.—President Wilson  
was in conference with other members  
of the American mission in the offices  
of Gen. Tasker H. Bliss, the military  
member of the American delegation.  
Special attention is being given the  
Russian situation in peace conference  
circles here and a commission to go  
to Russia is being considered. It  
would examine into the entire econ-  
omic, military and political situation.

## MOBILE POOL OF EQUIPMENT

Suggested That One Concern Own All  
Railroad Cars.

Washington, Jan. 11.—Ownership of  
all railroad cars by one concern was  
advocated by Chairman Clark of the  
Interstate Commerce commission in  
the railroad hearing. The railroads  
would rent these cars at a daily  
charge.

This would result in a mobile pool  
of equipment sufficient to meet all  
emergencies, Mr. Clark explained.

## HOUSE ADOPTS RESOLUTION

Approves Senate Plan to Honor Late  
Theodore Roosevelt.

Washington, Jan. 11.—Memorial  
services for Theodore Roosevelt will  
be held at the capitol on Feb. 9. The  
house passed unanimously the con-  
current resolution adopted by the senate  
fixing the date and authorizing com-  
mittees to arrange for the service.

President Wilson, ranking govern-  
ment officials and diplomats will be  
invited to participate.

WILSON TO TELL  
SOLONS OF TRIP

One of First Acts on Return Will  
Be to Address Congress on  
Peace Negotiations.

## DELAY DISAPPOINTING

Slowness in Starting Surprising to  
U. S. Delegates—Agreement of  
Allies on Chief Points in Six  
Weeks Probable.

Paris, Jan. 11.—Conferences taking  
place between the Americans, British  
and French probably will develop just  
how much progress may be expected  
before President Wilson goes home in  
February. It is settled that when he  
reaches America one of his first acts  
will be to address congress and re-  
port on what has been accomplished.

Some trained diplomats among the  
Americans here are agreed that the  
most Mr. Wilson can hope to report  
probably will be a general undertak-  
ing of the widest sort upon a set of  
principles which must be left to be  
applied by the peace congress.

**Delegations Still Unorganized.**  
Each of the bodies of peace com-  
missioners will necessarily go through  
an organization process. This work  
has taken the Americans a month and  
even now they are only partly ready.  
The French, of course, have their or-  
ganization on the spot.

The British have brought over from  
England a highly developed machine  
ready to function. These essential  
preliminaries will not necessarily de-  
lay the informal conversations but  
they will delay the working of "group"  
plan conferences by which the prin-  
cipal belligerents expect to thresh  
out points which interest neutrals,  
non-belligerents or minor nations en-  
gaged in the war and reduce their re-  
sults to memoranda which are to go  
to the peace congress for inclusion in  
the final settlement.

**Delay Disappoints Wilson.**  
President Wilson's feeling on com-  
ing to Europe as early as he did was  
that all the Entente governments had  
made their preparations to get down  
to talking peace. It is not an over-  
statement of the case to say that Mr.  
Wilson and the American commis-  
sioners have been disappointed in meeting  
with delays.

Up to the present all the progress  
that has been made has been in  
President Wilson's conferences with  
French, British and Italian statesmen.  
The president for his part is said to  
have felt that it was not prudent to  
disclose what went on, although he  
intends that the proceedings shall go  
on in the way of open diplomacy which  
he feels it is safe to lift the curtain.

The opinion most generally ex-  
pressed here is that if the conferences  
during the next six weeks establish  
unanimity of purpose as to the free-  
dom of the seas, the reduction of ar-  
maments and the actual terms of  
peace to be imposed on the Central  
Powers, a great deal will have been  
accomplished.

## ROBBERS MAKE RICH HAUL

Burglars Steal Silks Worth \$5,000 at  
North St. Paul.

North St. Paul, Minn., Jan. 11.—An-  
other big robbery was reported when  
officials of the North St. Paul Casket  
company told the police that \$5,000  
worth of silk had been taken from  
their plant.

The same bandits who held up and  
robbed the First State bank of \$7,500  
are believed to have stolen the silk.  
It was necessary for the thieves to  
have automobiles in order to carry the  
silk away.

## BERLIN IS GIVEN AIR RAID

Sixty-five Killed When German Avia-  
tors Make Attack.

Copenhagen, Jan. 11.—Berlin at last  
has experienced the horror of a night  
bombing attack. A dispatch from the  
Berlinske Tidende reported that gov-  
ernment aviators attacked the Silesian  
railway station with bombs, killing 65  
persons. The most intense fighting  
occurred at night in the central and  
southwestern portions of the city, the  
dispatch said. Casualties were report-  
ed to be heavy.

## ROOSEVELT WORTH \$500,000

Estate of Former President Valued at  
That Amount.

New York, Jan. 11.—Theodore  
Roosevelt left an estate estimated to  
be worth \$500,000. The will, it has  
become known, bequeaths the entire  
residue of the estate in trust to Mrs.  
Roosevelt. Colonel Roosevelt also left  
a trust fund of \$60,000, inherited from  
his father, to his five children, in equal  
portions. He left to his children in  
equal parts all of the family plate and  
silver.

January 11, minimum during the night, 13.

## LOCAL NEWS NOTES

For Spring Water phone 264. H. B. Olson went to Ironton this afternoon.

A son was born to Mr. and Mrs. Fred Eastham, 514 Norwood street, on January 10th.

Jack Williams is visiting with Carl W. Anderson, coming up from Minneapolis this afternoon.

Crystal Spring Water, \$1.00 month. L. Bourassa, Telephone 13. 541m

E. H. Simmons has returned from the hospital at Rochester, following a successful operation there.

Mrs. Oro Nichols and Misses Ethel Nichols and Marie Mathews went to Brainerd Tuesday.—Staples World.

The interests of C. W. Hoffman in the Woodhead Motor Co. have been purchased by John E. Woodhead.

The Crosby-Ironton high school team was in Brainerd today on its way to Little Falls to play basketball.

Just received a large shipment of the famous Pathe Records. Hall's Music House. 1821f

School children picked pussy willows today, said Miss Louise Barrett, principal, in a telephone message to the Dispatch.

A smoking gunny sack in a coal chute near the W. S. Orne store, 714 Laurel street, called out the department at 3 o'clock today. It was quickly extinguished.

Mrs. J. N. Cross and son Vernon of Cuyuna and niece, Miss Peggy Ives, of Brainerd, were guests of Mrs. W. T. Reid between trains last Friday.—Staples World.

Hope Hose Co. No. 1 will give its annual ball, postponed from Thanksgiving Day on Friday, January 17, at Gardner auditorium. The Blue Ribbon orchestra will play.

For bargains in houses and lots, see J. R. Smith-Sleeper Block. 2251f

The Woodhead Motor Co. has sold a Delco lighting plant to Frank Fredstrom, a farmer residing near Brainerd. An electric motor was also purchased by him to be used in pumping water.

The Ministerial Association will meet Monday morning at 10:30 o'clock. Rev. P. Alfred Peterson will give the paper that was carried over from last Monday. All clergymen are invited.

A "Big Glad Hand" dance will be given at the Knights of Columbus hall by Bob Mielke and Wilfred Fogelstrom on Thursday evening, January 16. A royal good time is assured all who attend.

Rev. Hadley Hanson arrived from Minneapolis this afternoon. He will speak at the Swedish Bethany church both morning and evening on Sunday. He will also address the Young People at their meeting at 6:30. He will use the English language.

Mrs. C. C. Hurley, age about 34, formerly Miss Fannie Skiles who was a Brainerd school teacher, died in Glendive, Mont., on Saturday. She leaves a husband and two small children. Her husband is judge of the district court.

Tonight Aitkin and Brainerd high school basketball teams compete for supremacy at the high school auditorium. This first event in B. H. S. athletic circles will draw a large crowd. Training under a new coach, Brainerd's work will be watched with interest.

The greatest display of fancy cake ever seen in Brainerd—Pond Lily Cake, Whipped Cream Cake, Mahogany Cake laced with Maple-Nut-Date filling, and French pastry goods for Saturday of this week at Ericsson Bros. Bakery. 18513

Mrs. Ida Augusta Malchow, age 21, wife of George Malchow, died of influenza today and leaves a husband and baby three weeks old. The couple were married just a year ago today. The funeral will be held Monday from the D. E. Whitney chapel, Rev. Bunge officiating.

Oak street appears to be a dizzy place to navigate. Friday the warm sun thawed the roadway in a rounding shape and near the 2-Mile Corner two big loads of hay had upset and a bus was lying on its side. One had to take to the fields in some places in order to drive a heavy car through.

Adam Wunderlich of Brainerd has bought from the Woodhead Motor Co. a rejuvenated Ford, being one with wire wheels which used to grace the racer of the firm and surmounted by a brand new Kelsey body. The latter is something new in Ford circles and has caused a big stir among the Henry Ford adherents. The firm has rented the O'Brien warehouse near Front street for the storage of cars.

## Big Glad Hand DANCE!

State Association Elected Officers at its Meeting in St. Paul Wednesday, Jan. 8-9

## THE UNIVERSITY FARM VISITED

Among Speakers at Night Session Was Dr. V. A. Moore, Dean New York State Vet. College

(St. Paul Pioneer Press)  
Undismayed by the honking of automobiles outside the Minnesota State Veterinary Medical Association held its twenty-second annual meeting at the Merchant Hotel yesterday and elected the following officers:

President, C. A. Nelson, Brainerd; vice president, H. A. Greaves, Glenwood; second vice president, A. J. O'Hara, Northfield; secretary-treasurer, C. P. Fitch, University Farm; director for three years, W. A. Anderson, Sleepy Eye.

G. E. Leech, who has served the society as secretary-treasurer for ten years, was offered re-election, but declined.

Yesterday was devoted to business. Today at the University farm the veterinarians will discuss the various problems that come up in connection with their practice and will listen to papers on subjects relative to their profession.

Among the speakers at the night session will be Dr. V. A. Moore, Dean New York State Veterinary college, Cornell university.

R. R. Donaldson, Argyle, retiring president, presided at yesterday's session.

## LOCAL NEWS NOTES

For Spring Water phone 264. H. B. Olson went to Ironton this afternoon.

A son was born to Mr. and Mrs. Fred Eastham, 514 Norwood street, on January 10th.

Jack Williams is visiting with Carl W. Anderson, coming up from Minneapolis this afternoon.

Crystal Spring Water, \$1.00 month. L. Bourassa, Telephone 13. 541m

E. H. Simmons has returned from the hospital at Rochester, following a successful operation there.

Mrs. Oro Nichols and Misses Ethel Nichols and Marie Mathews went to Brainerd Tuesday.—Staples World.

The interests of C. W. Hoffman in the Woodhead Motor Co. have been purchased by John F. Woodhead.

The Crosby-Ironton high school team was in Brainerd today on its way to Little Falls to play basketball.

Just received a large shipment of the famous Pathe Records. Hall's Music House. 182tf

School children picked pussy willows today, said Miss Louise Barrett, principal, in a telephone message to the Dispatch.

A smoking gunny sack in a coal chute near the W. S. Orne store, 714 Laurel street, called out the department at 3 o'clock today. It was quickly extinguished.

Mrs. J. N. Cross and son Vernon of Cuyuna and niece, Miss Peggy Ives, of Brainerd, were guests of Mrs. W. T. Reid between trains last Friday.—Staples World.

Hope Hose Co. No. 1 will give its annual ball, postponed from Thanksgiving Day on Friday, January 17, at Gardner auditorium. The Blue Ribbon orchestra will play.

For bargains in houses and lots, see J. R. Smith-Sleeper Block. 226tf

The Woodhead Motor Co. has sold a Delco lighting plant to Frank Fredstrom, a farmer residing near Brainerd. An electric motor was also purchased by him to be used in pumping water.

The Ministerial Association will meet Monday morning at 10:30 o'clock. Rev. P. Alfred Peterson will give the paper that was carried over from last Monday. All clergymen are invited.

A "Big Glad Hand" dance will be given at the Knights of Columbus hall by Bob Mielke and Wilfred Fogelstrom on Thursday evening, January 16. A royal good time is assured all who attend.

Rev. Hadley Hanson arrived from Minneapolis this afternoon. He will speak at the Swedish Bethany church both morning and evening on Sunday. He will also address the Young People at their meeting at 6:30. He will use the English language.

Mrs. C. C. Hurley, age about 34, formerly Miss Fannie Skiles who was a Brainerd school teacher, died in Glendive, Mont., on Saturday. She leaves a husband and two small children. Her husband is judge of the district court.

Tonight Altin and Brainerd high school basketball teams compete for supremacy at the high school auditorium. This first event in B. H. S. athletic circles will draw a large crowd. Training under a new coach, Brainerd's work will be watched with interest.

The greatest display of fancy cake ever seen in Brainerd—Pond Lily Cake, Whipped Cream Cake, Mahogany Cake laced with Maple-Nut-Date filling, and French pastry goods for Saturday of this week at Ericsson Bros. Bakery. 18513

Mrs. Ida Augusta Malchow, age 21, wife of George Malchow, died of influenza today and leaves a husband and baby three weeks old. The couple were married just a year ago today. The funeral will be held Monday from the D. E. Whitney chapel, Rev. Bunge officiating.

Oak street appears to be a dizzy place to navigate. Friday the warm sun thawed the roadway in a rounding shape and near the 2-Mile Corner two big loads of hay had upset and a bus was lying on its side. One had to take to the fields in some places in order to drive a heavy car through.

Adam Wunderlich of Brainerd has bought from the Woodhead Motor Co. a rejuvenated Ford, being one with wire wheels which used to grace the racer of the firm and surmounted by a brand new Kelsey body. The latter is something new in Ford circles and has caused a big stir among the Henry Ford adherents. The firm has rented the O'Brien warehouse near Front street for the storage of cars.

## Big Glad Hand DANCE!

GOOD MUSIC  
Admission 75c, Ladies Free

Miss Cecil Kemp, age 23, died at her home near the Stoner dam at 11:30 Saturday morning from pneumonia following influenza. The funeral will be held Monday afternoon at 3 o'clock from the D. E. Whitney chapel. She leaves a mother, three sisters Mrs. Bert Gardner of Walker, Mrs. O. J. Roberts of Brainerd and Mrs. George Robinson of Hackensack and one brother, John Kemp.

## DR. C. A. NELSON HEADS VETERINARY BODY

State Association Elected Officers at its Meeting in St. Paul Wednesday, Jan. 8-9

## THE UNIVERSITY FARM VISITED

Among Speakers at Night Session Was Dr. V. A. Moore, Dean New York State Vet. College

(St. Paul Pioneer Press)  
Undismayed by the honking of automobiles outside the Minnesota State Veterinary Medical Association held its twenty-second annual meeting at the Merchant Hotel yesterday and elected the following officers:

President, C. A. Nelson, Brainerd; vice president, H. A. Greaves, Glenwood; second vice president, A. J. O'Hara, Northfield; secretary-treasurer, C. P. Fitch, University Farm; director for three years, W. A. Anderson, Sleepy Eye.

G. E. Leech, who has served the society as secretary-treasurer for ten years, was offered re-election, but declined.

Yesterday was devoted to business. Today at the University farm the veterinarians will discuss the various problems that come up in connection with their practice and will listen to papers on subjects relative to their profession.

Among the speakers at the night session will be Dr. V. A. Moore, Dean New York State Veterinary college, Cornell university.

R. R. Donaldson, Argyle, retiring president, presided at yesterday's session.

President—Miss Ida Peterson.  
Vice-President—Miss Martha Moe.  
Secretary—Miss Mamie Peterson.  
Flower Committee—Miss Daggy Stendal, Miss Alice Johnson.

## DRAMA LEAGUE

Meets Monday Afternoon with Mrs. Irma Hartley, Mrs. Polk to Read

The Drama League will meet Monday afternoon, Jan. 13th, at 3 o'clock sharp, with Mrs. Irma Hartley, at 310 5th street north. As there is some business before the club, it is hoped all members will be present. The play is "Madame Sand," and will be given by Mrs. Polk.

## Birthday Party

There was a joyous scene at the home of Mr. and Mrs. Louis Hobman this afternoon when their twin boys, Richard and William, celebrated their fifth birthdays. The tables were loaded with goodies, a center piece of flowers shared honors with the birthday cakes which luxuriated with five candles each. Twelve playmates of the twins were present. Their mothers accompanied the little people.

## Entertained for Mother

Mrs. R. D. King on Wednesday afternoon entertained for her mother, Mrs. C. A. Laing.

## At the Best Monday

Douglas Fairbanks again! Wow! Hooray! Cheers, laughter, applause, and S. R. O.!

Doug's new picture is called "Say! Young Fellow." Joseph Henabery wrote the story and also directed it. Hough McClung and Glen MacWilliams did the photography for this latest Arterial release.

The story of "Say! Young Fellow" deals with a young newspaper reporter in an inland city, whose smiling optimism has won him many friends and the confidence of his city editor as well. He gets the tough assignment of interviewing a millionaire whose hatred of the press publicity is proverbial. How the "young fellow" finally reaches the financier and forces an interview is outlined in a series of thrilling scenes in which the Fairbanksian

smile and methods are largely in evidence.

His success with the millionaire prompts his editor to send him to a neighboring town where there is a "villain" and a factory, both being connected with an alleged fraudulent scheme which it is the mission of the young reporter to expose. In his enthusiasm Doug, is branched off the main track by a false conception of the real situation and his journalistic task is threatened with failure until "the girl" appears on the scene. Then Doug "gets hep," and comes through with the goods.

In the course of the story, Doug is obliged to scale fences, do all sorts of athletic stunts, vault over tall flower beds, battle desperately with an army of factory employees, find a perilous perch over some revolving machinery, comfort a spinster, overcome the "villain" and win the girl. All of which he does with his usual grace and pep.

## At the Best Today

The latest picture starring Wallace Reid, with Ann Little as his leading woman, entitled "Less Than Kin," is a happy mixture of thrills, mystery and laughs. Especially laughs. The first laugh comes when Reid as Lewis Vickers, a dare-devil young American, who is sojourning

WALLACE REID  
Champion Picture

in Central America, because he is "wanted" in the United States, tries to drill a motley Central American army, which is mounted on mules, barres and horses. The difficulties of getting this "worst army in the world"—an Wallace called them during the rehearsals—in shape provide some screamingly funny situations.

## Out of Self.

Blessed are they who have the gift of making friends, for it is one of God's best gifts. It involves many things, but above all, the power of going out of one's self, and appreciating whatever is noble and loving in another.—Thomas Hughes.

## Bavaria's Representative at Conference in Berlin

DR. KURT EISNER

This is the latest photograph of Dr. Kurt Eisner, Bavarian minister to the Council of German states. He is seen through the window of a taxicab on his way to the chancellor's palace in Berlin for a conference with Frederick Ebert and other leaders of the new German government.

## Marine Fireflies.

The bay of Toyama, Japan, is the scene of a peculiar phenomenon that occurs each year in April and May. The cause of it is an almost limitless swarm of cuttlefish that shine like glowworms.

The fish are tiny, says a writer in the Boston Transcript, and when they meet with anything objectionable they emit a wonderful display of phosphorescence. Every spring the coasts of Toyama swarm with these little creatures, and fishermen go out with special nets to catch them.

When caught in the meshes the fish emit their light and cause the nets to sparkle as if charged with electricity. The people regard the sight as wonderful, and rush in great excitement to see it. Pleasure boats are in demand on those occasions, and it is a favorite courtesy to invite a friend to an evening of entertainment in watching the sparkling cuttlefish.

## Precious Salt.

What is known as "radium" is a radium salt, usually either radium bromide or radium chloride, sometimes radium sulphate. Tiny grains of these salts are extremely precious and are usually sealed up in little glass bulbs.

The radium in one of the first bulbs that were received in London had a curious history. A physician in Portland place was applying the bulb to a patient when he accidentally let it fall, and a moment after crushed it under his foot. The value of the radium to the physician was very great. He removed his boots from his feet and cut out a square of his valuable carpet. He had boots and carpet burned, and out of the ashes refined the original radium salt.

## Log 20,000 Years Old.

Not so long ago a workman, 81 feet below the surface of Broadway, near Pine street, in New York city, found a piece of cedar wood that certainly presented a remarkable discovery. The wood was uncovered in excavating for the foundation of a big office building. It was a part of the trunk of a large cedar tree that grew at least 10,000 years ago, and more probably 20,000 years ago!

The wood was within a foot of bedrock, and it was covered with 80 feet of boulder clay and glacial drift, which showed that the tree from which it came must have flourished before the last great age of ice.

## How Phrase Originated.

The English-speaking people frequently, when they see somebody doing something they like, exclaim: "That's the ticket," meaning that it is the proper method of procedure. The real saying is, "That is the etiquette," or the right and proper way of doing.

## How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces, expelling the poison from the blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials free.

F. J. Cheney & Co., Toledo, Ohio. Sold by all Druggists, 75c.

## TOWNS ORGANIZING TO ATTACK VICE

Elimination of Venereal Diseases Must be Included in Reconstruction Plans.

All signs point to a speedy ending of war. But almost before we shall have finished rejoicing in our victory, problems upon problems are bound to confront us. Nor will the reconstruction time have the thrill and exaltation of war to speed us along. Lying for one's country through all manner of exasperating difficulties often puts a man's patriotism to severer strain than dying for it on the battlefield. Our boys have done their part gloriously. Now it is up to all of us who have stayed safely at home to show those who will soon be coming back to us again, that we have taken to heart the lessons of the war; that we have gained a new sense of the worthwhileness of every human life and of the community's obligation to give every man, woman and child in it a fair chance.

## War Lessons.

Perhaps no lesson of the war has been so convincingly driven home to us as those associated with our reckless waste. And no waste has been more extravagant and cruel than that of the human health and energy through our ignorance of the common rules of hygiene and right living. In Minnesota, of 10,000 young men called to the colors, 13 per cent were disqualified for physical unfitness. This number does not include the much greater one of venereal disease cases, since the men are not disqualified for these.

Plainly then every community in Minnesota must awaken to a new understanding of the importance of health measures of every kind. Particularly must it awaken to those health problems which concern youth and education. Of these none is so far-reaching as those of sex health and moral integrity.

## The Community Must Help.

It has been shown in former articles how the United States undertook a nation-wide campaign to fight venereal diseases. The War Department found almost immediately that it needed the help of each state. The state in its turn requires the co-operation of the cities, towns and villages. Every possible resource in money and scientific knowledge has been brought by Uncle Sam to this struggle. If successful, the gain in health, happiness and money will be incalculable. It can only be truly successful, however, if every community will do its part.

## What is to Be Done.

In the first place a community must be informed as to actual existing conditions. Already certain towns have appointed a group of leading men and women to act as a central body through which the specific needs of the community may be determined and met. Here are some of the questions upon which each should inform itself. What is the attitude of the local officials toward vice? What provision is there for the diagnosis and cure of infected individuals who are too poor to pay a physician's fee? Are hospital accommodations available? What are the conditions of the schools? How are youthful sex offenders cared for? Is a policeman, or probation officer or nurse indicated? Are there any recreational facilities for the young people other than vulgar movies and dances? Are the laws controlling the sale of liquor observed?

## Help Offered.

The Bureau of Venereal Diseases of the State Board of Health stands ready with advice and support for any group of citizens who will undertake this work. Should a condition or an individual case require investigation, one of its trained investigators will be sent to the town for this purpose.

Probably all districts need educating before they will awaken to the importance of these problems. The bureau will co-operate here too. It will send you lecturers; pamphlets of information may be had for the asking; a traveling library of books will be loaned to you; personal letters requesting advice will be answered.

The State Board of Health and its Bureau of Venereal Diseases belong to the people of Minnesota. It is your money which makes its work possible. The bureau was primarily a war emergency measure. Its object today is not the protection of soldiers alone. It is determined to make Minnesota a happier, healthier place for you to live in during the war and after.

You want your town to be a clean one when you welcome back the boys. They have earned that. For such cleanliness eternal vigilance and intelligent enthusiasm is necessary. Get together, determine to do something right away, then call in the machinery at the Capitol in St. Paul to help you. We must show these boys of ours that we can make good in our way as they have in theirs—for our country's sake.

(Signed) MABEL S. ULRICH, Supervisor Social Hygiene Education, Minnesota State Board of Health.

## Aquatic Plants.

Aquatic plants should not be planted in shallow ponds or lakes that freeze solid. No matter how thick the ice forms on the surface the plants will live if the water about them, under the ice, does not freeze. If ice forms about the roots of the plants they will be killed.

WHERE PRICE & QUALITY MEET

**MAKE THIS YOUR 1919 STORE**

## American Consul Who is Held by Bolsheviki

ROGER CULVER, TREDWELL

Bolsheviki make it a practice to make it uncomfortable for those who represent constituted authority. For that reason, Roger Culver Tredwell, of Brooklyn, N. Y., American Consul at Petograd, was made a virtual prisoner in his rooms somewhere in Turkistan. The State Department has been making every effort to obtain his release.

## LOOKING INTO THE FUTURE

Matter of Saving Part of One's Earnings is Really Nothing but Display of Strength of Character.

To earn money is easy; to save money is easy, too, if you know the secret. To know what you want and what you don't want, that is the secret. Don't argue with yourself when you see a thing, "Can I afford it?" To do this is a sure sign that you can't. Have the strength of character to say, "I can do without it."

Don't try to save money by investing all your spare cash. Keep a reserve in the bank. A banking account is a reference. It gives you a better standing in business and out of it and leads to other good things.

Don't argue with yourself as to whether you can afford to speculate. You can't, if you have to put that question to yourself. Invest instead. If you feel that you must put your money to some use. Investment means income; speculation means profit—or loss—often the latter.

But don't put all your eggs in one basket. In other words, don't keep on making investments in the same company, the same locality, or the same industry.

## Statesmen Robbed Russia.

The congress of Berlin, consisting of Germany, Austria, France, England, Italy, Russia and Turkey, lasted only one month—from June 13 to July 13, 1878. Russia did not have "a look-in," but was treated in the most arbitrary manner by Bismarck and Beaconsfield.

The peace of San Stefano, although formally concluded between the victorious Russians and the conquered Turks, was torn up and Russia was practically robbed of all her success—given only Bessarabia, taken from Rumania, and the rocky citadel of Kars in Asia Minor. Nations that had not participated in the humbling of Turkey were liberally treated. Bulgaria, north of the Balkans; Serbia, Montenegro, Rumania were declared independent. Not a single "reform" promised by the sublime port was carried into effect.

The congress of Berlin was nothing but a personal triumph for Beaconsfield and Bismarck and has been the direct cause of at least five subsequent wars.

## GOOD PRINTING

The refinement of good printing is apparent in the product of The Brainerd Dispatch. The artistic touch is dominant in the harmony of effect produced. Correctness of style in all engraved and printed work is manifest. Each order, whether an engraved announcement or a large catalogue receives the same intelligent attention. Our many samples will help you to make satisfactory selection

Dispatch Building, Sixth Street, Brainerd, Minn.

## GREAT MASS OF PROOF

Reports of 50,000 Cases of Kidney Trouble, Some of Them Brainerd Cases

Each of some 6,000 newspapers of the United States is publishing from week to week, names of people in its particular neighborhood, who have used and recommended Doan's Kidney Pills for kidney backache, weak kidneys, bladder troubles and urinary disorders. This mass of proof includes over 50,000 recommendations. Brainerd is no exception. Here is one of the Brainerd cases.

J. G. Brandt, machinist, 1614 S. E. Maple St., says: "Being a machinist, I have some pretty heavy lifting to do and I think I strained my back. It started aching and kept up for about a week and I got no rest at night as the pain was still there, and in the morning I felt worn out from loss of sleep. My kidneys were not acting as they should so I began using Doan's Kidney Pills, which I got at the Skauge Drug Co. and they soon fixed me up in good shape. I have never had any more trouble from my kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brandt had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## "Cepatomegostaturum."

Schoolmasters have often serious problems to solve. The following note, containing only one word, was recently handed to a Thonet pedagogue: "Cepatomegostaturum."

The missive was tendered by one of the boys on behalf of a neighbor's child.

The schoolmaster was nonplussed for the moment. But he had received too many weirdly worded notes in his time to allow this one to baffle him. Albert it was not till the work of the school was over and much tobacco had been consumed that the word at last yielded its mystery: "Kept at home to go a-tartaring."—London Chronicle.

## Ever "Catch a Tartar?"

"Catching a Tartar" does not refer to the Tartars around Russia, or rather it does not mean that a Tartar is so very hard to catch. The expression originated a century ago, when the Russians and Tartars were having a little war. A Russian soldier called to his captain that he had caught a Tartar. "Bring him along," replied the captain. The soldier called back: "Yes, but he won't let me." It came out that the Tartar had caught the Russian soldier, and so to this day when a man tries to catch somebody else and himself gets caught he is said to have "caught a Tartar."

## DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

## Why Risk Pneumonia?

Why go on neglecting your bowels when every day that you allow food-waste to remain in your system more poison is seeping into your blood to undermine your resistance to disease? First thing you know you'll have a cold—then who knows what may follow?

If you keep your bowels active and free from fermenting food-waste, you're keeping poisons from forming. You're giving your blood a chance to fight colds. You're cutting down the risk to the lowest possible point.

There is a new, really pleasant tasting salts called SALINOS. It is pleasant to use and fully effective in cold water. It will completely empty your digestive tract, including the lower bowel where most poisons are formed. Get a bottle from your druggist for a Quarter (larger sizes Fifty cents and a Dollar). Be safe! Get it today. Take it tomorrow morning.

## Egyptians Invented Bells.

The invention of bells is attributed to the Egyptians, who are credited with having made use of percussion instruments to announce the sacred fetes of Osiris.

EMMY WEHLEN

## At the Best Sunday

Emmy Wehlen, in "His Bonded Wife," a smart-up-to-date comedy is supported by a cast of well known drama of society life, will be the attraction at the Best theatre tomorrow.

by Creighton Hale in the leading role.

## FIRESIDE CLUB

Annual Meeting at Home of Miss Lillie Nelson Elects Officers for the Year

The Fireside Club of the Norwegian-Danish Lutheran church held its annual meeting January 10 at the home of Miss Lillie Nelson. The following officers were elected for the coming year:

President—Miss Ida Peterson.  
Vice-President—Miss Martha Moe.  
Treasurer—Mrs. H. Reichman.  
Secretary—Miss Marie Peterson.  
Flower Committee—Miss Daggy Stendal, Miss Alice Johnson.

## DRAMA LEAGUE

Meets Monday Afternoon with Mrs. Irma Hartley, Mrs. Polk to Read

The Drama League will meet Monday afternoon, Jan. 13th, at 3 o'clock sharp, with Mrs. Irma Hartley, at 310 5th street north. As there is some business before the club, it is hoped all members will be present. The play is "Madame Sand," and will be given by Mrs. Polk.

## Birthday Party

There was a joyous scene at the home of Mr. and Mrs. Louis Holman this afternoon when their twin boys, Richard and William, celebrated their fifth birthdays. The tables were loaded with goodies, a centerpiece of flowers shared honors with the birthday cakes which luxuriated with five candles each. Twelve playmates of the twins were present. Their mothers accompanied the little people.

## Entertained for Mother

Mrs. R. D. King on Wednesday afternoon entertained for her mother, Mrs. C. A. Laing.

## At the Best Monday

Douglas Fairbanks again! Wow! Hooray! Cheers, laughter, applause, and S. R. O.

Doug's new picture is called "Say! Young Fellow." Joseph Henaberry wrote the story and also directed it. Hough McClung and Glen MacWilliams did the photography for this latest Arteract release.

The story of "Say! Young Fellow" deals with a young newspaper reporter in an inland city, whose smiling optimism has won him many friends and the confidence of his city editor as well. He gets the tough assignment of interviewing a millionaire whose hatred of the press publicity is proverbial. How the "young fellow" finally reaches the financier and forces an interview is outlined in a series of thrilling scenes in which the Fairbanksian

smile and methods are largely in evidence.

His success with the millionaire prompts his editor to send him to a neighboring town where there is a "villain" and a factory, both being connected with an alleged fraudulent scheme which it is the mission of the young reporter to expose. In his enthusiasm Doug, is branched off the main track by a false conception of the real situation and his journalistic task is threatened with failure until "the girl" appears on the scene. Then Doug "gets hep," and comes through with the goods.

In the course of the story, Doug is obliged to scale fences, do all sorts of athletic stunts, vault over tall flower beds, battle desperately with an array of factory employees, find a perilous perch over some revolving machinery, comfort a spinster, overcome the "villain" and win the girl. All of which he does with his usual grace and pep.

## At the Best Today

The latest picture starring Wallace Reid, with Ann Little as his leading woman, entitled "Less Than Kin," is a happy mixture of thrills, mystery and laughs. Especially laughs. The first laugh comes when Reid as Lewis Vickers, a dare-devil young American, who is sojourning

in Central America, because he is "wanted" in the United States, tries to drill a motley Central American army, which is mounted on mules, burros and horses. The difficulties of getting this "worst army in the world"—as Wallace called them during the rehearsals—in shape provide some screamingly funny situations.

## Out of Self.

Blessed are they who have the gift of making friends, for it is one of God's best gifts. It involves many things, but above all, the power of going out of one's self, and appreciating whatever is noble and loving in another.—Thomas Hughes.

Bavaria's Representative at Conference in Berlin

DR. KURT EISNER

This is the latest photograph of Dr. Kurt Eisner, Bavarian minister to the Council of German states. He is seen through the window of a taxicab on his way to the chancellor's palace in Berlin for a conference with Frederick Ebert and other leaders of the new German government.

## Marine Fireflies.

The bay of Toyama, Japan, is the scene of a peculiar phenomenon that occurs each year in April and May. The cause of it is an almost limitless swarm of cuttlefish that shine like glowworms.

The fish are tiny, says a writer in the Boston Transcript, and when they meet with anything objectionable they emit a wonderful display of phosphorescence. Every spring the coasts of Toyama swarm with these little creatures, and fishermen go out with special nets to catch them.

When caught in the meshes the fish emit their light and cause the nets to sparkle as if charged with electricity. The people regard the sight as wonderful, and rush in great excitement to see it. Pleasure boats are in demand on those occasions, and it is a favorite courtesy to invite a friend to an evening of entertainment in watching the sparkling cuttlefish.

## Precious Salt.

What is known as "radium" is a radium salt, usually either radium bromide or radium chloride, sometimes radium sulphate. Tiny grains of these salts are extremely precious and are usually sealed up in little glass bulbs.

The radium in one of the first bulbs that were received in London had a curious history. A physician in Portland place was applying the bulb to a patient when he accidentally let it fall, and a moment after crushed it under his foot. The value of the radium to the physician was very great. He removed his boots from his feet and cut out a square of his valuable carpet. He had boots and carpet burned, and out of the ashes refined the original radium salt.

## Log 20,000 Years Old.

Not so long ago a workman, 81 feet below the surface of Broadway, near Pine street, in New York city, found a piece of cedar wood that certainly presented a remarkable discovery. The wood was uncovered in excavating for the foundation of a big office building. It was a part of the trunk of a large cedar tree that grew at least 10,000 years ago, and more probably 20,000 years ago!

The wood was within a foot of bedrock, and it was covered with 80 feet of boulder clay and glacial drift, which showed that the tree from which it came must have flourished before the last great age of ice.

## How Phrase Originated.

The English-speaking people frequently, when they see somebody doing something they like, exclaim: "That's the ticket," meaning that it is the proper method of procedure. The real saying is, "That is the etiquette," or the right and proper way of doing.

## How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces, expelling the poison from the blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free.

F. J. Cheney & Co., Toledo, Ohio. Sold by all Druggists, 75c.

## TOWNS ORGANIZING TO ATTACK VICE

Elimination of Venereal Diseases Must be Included in Reconstruction Plans.

All signs point to a speedy ending of war. But almost before we shall have finished rejoicing in our victory, problems upon problems are bound to confront us. Nor will the reconstruction time have the thrill and exaltation of war to speed us along. Living for one's country through all manner of exasperating difficulties often puts a man's patriotism to severer strain than dying for it on the battlefield. Our boys have done their part gloriously. Now it is up to all of us who have stayed safely at home to show those who will soon be coming back to us again, that we have taken to heart the lessons of the war: that we have gained a new sense of the worthwhileness of every human life and of the community's obligation to give every man, woman and child in it a fair chance.

## War Lessons.

Perhaps no lesson of the war has been so convincingly driven home to us as those associated with our reckless waste. And no waste has been more extravagant and cruel than that of the human health and energy through our ignorance of the common rules of hygiene and right living. In Minnesota, of 10,000 young men called to the colors, 13 per cent were disqualified for physical unfitness. This number does not include the much greater one of venereal disease cases, since the men are not disqualified for these.

Plainly then every community in Minnesota must awaken to a new understanding of the importance of health measures of every kind. Particularly must it awaken to those health problems which concern youth and education. Of these none is so far-reaching as those of sex health and moral integrity.

## The Community Must Help.

It has been shown in former articles how the United States undertook a nation-wide campaign to fight venereal diseases. The War Department found almost immediately that it needed the help of each state. The state in its turn requires the co-operation of the cities, towns and villages. Every possible resource in money and scientific knowledge has been brought by Uncle Sam to this struggle. If successful, the gain in health, happiness and money will be incalculable. It can only be truly successful, however, if every community will do its part.

## What is to Be Done.

In the first place a community must be informed as to actual existing conditions. Already certain towns have appointed a group of leading men and women to act as a central body through which the specific needs of the community may be determined and met. Here are some of the questions upon which each should inform itself: What is the attitude of the local officials toward vice? What provision is there for the diagnosis and cure of infected individuals who are too poor to pay a physician's fee? Are hospital accommodations available? What are the conditions of the schools? How are youthful sex offenders cared for? Is a policeman, or probation officer or nurse indicated? Are there any recreational facilities for the young people other than vulgar movies and dances? Are the laws controlling the sale of liquor observed?

## Help Offered.

The Bureau of Venereal Diseases of the State Board of Health stands ready with advice and support for any group of citizens who will undertake this work. Should a condition or an individual case require investigation, one of its trained investigators will be sent to the town for this purpose.

Probably all districts need educating before they will awaken to the importance of these problems. The bureau will co-operate here, too. It will send you lecturers; pamphlets of information may be had for the asking; a traveling library of books will be loaned to you; personal letters requesting advice will be answered.

The State Board of Health and its Bureau of Venereal Diseases belong to the people of Minnesota. It is your money which makes its work possible. The bureau was primarily a war emergency measure. Its object today is not the protection of soldiers alone. It is determined to make Minnesota a happier, healthier place for you to live in during the war and after.

You want your town to be a clean one when you welcome back the boys. They have earned that. For such cleanliness eternal vigilance and intelligent enthusiasm is necessary. Get together, determine to do something right away, then call in the machinery at the Capitol in St. Paul to help you.

We must show these boys of ours that we can make good in our way as they have in theirs—for our country's sake.

(Signed) MABEL S. ULRICH, Supervisor Social Hygiene Education, Minnesota State Board of Health.

## Aquatic Plants.

Aquatic plants should not be planted in shallow ponds or lakes that freeze solid. No matter how thick the ice forms on the surface the plants will live if the water about them, under the ice, does not freeze. If ice forms about the roots of the plants they will be killed.

American Consul Who is Held by Bolsheviks

ROGER CULYVER TREDWELL

Bolsheviks make it a practice to make it uncomfortable for those who represent constituted authority. For that reason, Roger Culyver Tredwell, of Brooklyn, N. Y., American Consul at Petograd, was made a virtual prisoner in his rooms somewhere in Turkestan. The State Department has been making every effort to obtain his release.

## LOOKING INTO THE FUTURE

Matter of Saving Part of One's Earnings is Really Nothing but Display of Strength of Character.

To earn money is easy; to save money is easy, too, if you know the secret. To know what you want and what you don't want, that is the secret. Don't argue with yourself when you see a thing, "Can I afford it?" To do this is a sure sign that you can't. Have the strength of character to say, "I can do without it."

Don't try to save money by investing all your spare cash. Keep a reserve in the bank. A banking account is a reference. It gives you a better standing in business and out of it and leads to other good things.

Don't argue with yourself as to whether you can afford to speculate. You can't, if you have to put that question to yourself. Invest instead. If you feel that you must put your money to some use. Investment means income; speculation means profit—or loss—often the latter.

But don't put all your eggs in one basket. In other words, don't keep on making investments in the same company, the same locality, or the same industry.

## Statesmen Robbed Russia.

The congress of Berlin, consisting of Germany, Austria, France, England, Italy, Russia and Turkey, lasted only one month—from June 13 to July 13, 1878. Russia did not have "a look-in," but was treated in the most arbitrary manner by Bismarck and Beaconsfield. The peace of San Stefano, although formally concluded between the victorious Russians and the conquered Turks, was torn up and Russia was practically robbed of all her success—given only Bessarabia, taken from Roumania, and the rocky citadel of Kars in Asia Minor. Nations that had not participated in the humbling of Turkey were liberally treated. Bulgaria, north of the Balkans; Serbia, Montenegro, Roumania were declared independent. Not a single "reform" promised by the sublime portie was carried into effect.

The congress of Berlin was nothing but a personal triumph for Beaconsfield and Bismarck and has been the direct cause of at least five subsequent wars.

## PRAYER ROCK WIDELY KNOWN

Idea of Vermont Citizen Has Been Productive of Far Reaching and Splendid Results.

On a cliff at the foot of Drake's hill, in Bristol, Vt., is the so-called Prayer rock, which has become widely known during the past 15 years with the increased use of motor cars. It was in 1891 that Dr. Joseph C. Greene, a former citizen of Lincoln, Vt., bethought himself how he might do something to stop the excessive use of hard language indulged in by exasperated farmers seeking to urge their horses and oxen up the steep rise in the main road between Lincoln and Starkboro. He decided that some ethical or religious reminder should be established at the foot of Drake's hill, and finally gave an order to a stonecutter to engrave the Lord's Prayer upon the face of the cliff. As the nature of the rock did not bring out the lettering clearly, Doctor Greene had the text painted white. Every spring the town authorities now repaint the letters. For many years Doctor Greene lived in Buffalo, and there received hundreds of letters from tourists, expressing approval of his prayer rock idea. The carving had the effect desired, for few drivers could but be patient with their beasts of burden in the face of the scriptural quotation on that great tablet.

## Saloniki.

The city of Saloniki had in normal times a population of about 160,000 to 170,000. This has been increased to about 400,000 through the influx of refugees from Serbia, European Turkey, Bulgaria and that part of Greek Macedonia until recently in the hands of Bulgaria. During the last few years the character of the population has been steadily changing. The Greek element has more than doubled itself and at this time stands first in numbers. Turks, formerly the most numerous class, are now third in rank and are steadily decreasing. The Jewish population stands in second place and is the most important commercially. A mixture of Bulgars, Serbs and Romanians and Russians make up the remainder of one of the most heterogeneous populations in the world. Differences of race, religion and customs tend to make the commercial developments of Saloniki slow.

## Observation of Plants.

There cannot be complete enjoyment from growing flowering plants unless the gardener is sufficiently interested to watch them closely, observing daily changes, trying different experiments and carefully studying the results. It is in this way we learn what certain plants like best—light or heavy soil, full exposure or partial shade, abundant moisture or moderately dry soil, what fertilizers produce the best results, and so on.

When a lot of cuttings are made and placed in the sun, the base of the cuttings one after another turning black and the cuttings "damping" off, without the gardener trying the pan of cuttings in a shaded place, the case seems hopeless. A gardener of this kind had better confine his efforts to a few sturdy geraniums or other equally robust, full-grown plants.

## STERN MEASURES BEING EMPLOYED

Buenos Aires Authorities Are Determined to Stamp Out Rioting and Anarchy.

## TROOPS ARE ON DUTY

Police and Soldiers Are Under Instructions to Shoot Whenever Necessary and Quell All Violent Outbreaks.

Buenos Aires, Jan. 11.—Strikers and police are clashing in all parts of the city. There was a particularly sharp conflict in front of the postoffice.

Several attempts were made to capture the first district police station, one block from the American consulate. It is impossible at this time to make any calculation of the number of casualties.

The cooks and waiters in all the hotels of Buenos Aires struck at dinner time and the guests, mostly Americans and Englishmen, were compelled to carry in their own food and to eat it in darkened dining rooms. Whenever a light appeared in a window the strikers did not hesitate to throw stones through it or to shoot.

## Military Defense Strengthened.

The Tenth cavalry and the First artillery and several machine gun battalions were brought in from Campo Mayo. In the outlying districts several cavalry regiments are being held in readiness to come into Buenos Aires if necessary.

The railway stations in the city and the water front works are guarded by marines. Several persons were killed in clashes between strikers and government forces today and the government, in view of the increasing gravity of the situation, decided to adopt the most severe measures to bring about normal conditions.

The soldiers and police were instructed to shoot whenever necessary and to put down outbreaks of violence regardless of the cost in blood.

The regional federation has ordered that the general strike be continued indefinitely and has instructed its members to oppose all acts of aggression by the government forces under General Delleplane, who has about 4,000 men.

General Delleplane has assumed a military dictatorship and has taken over all the forces of the government. This action, it was explained, in no wise constitutes a measure unfriendly to President Irigoyen.

General Delleplane's assumption of dictatorial powers followed two serious attempts by strikers to capture police headquarters. He has assumed the functions of the ministers of war, the navy and the interior, making himself supreme commander.

His supporters say he is exerting all the forces at his disposal for, and not against the government.

## NEW BRITISH CABINET NAMED

Majority of Members in High Places Are Conservatives.

London, Jan. 11.—The new cabinet of Premier Lloyd George has been announced. It presents few surprises. The question the British newspapers are asking is whether Mr. Lloyd George will rule his cabinet or whether his conservative advisers will dominate him.

The majority of the members of the cabinet in high places are conservatives, notably Andrew Bonar Law, Earl Curzon, Arthur J. Balfour and Viscount Milner. Only four years ago their party regarded Mr. Lloyd George as the Conservatives today regard the Bolsheviks.

## DOWNED 26 ENEMY PLANES

Captain Edward V. Rickenbacker Is Premier American Ace.

Washington, Jan. 11.—Capt. Edward V. Rickenbacker of Columbus, Ohio, famous as an automobile driver, was the premier "ace" of the American air force in France, having 26 enemy planes to his credit. An official report received at the War department showed that there were 63 aces, men downing five or more enemy machines, in the American army when the war ended.

## BRITISH VESSEL HITS MINE

Most of the Crew Are Believed to Have Perished.

London, Jan. 11.—The British steamer Northumbria struck a mine off Middleborough Thursday and it is believed that most of the crew was lost. A boat with two survivors and eight dead has been washed ashore at Newton Abbot. Four boats which left the ship with survivors are missing.

## Family Believed Murdered.

Oxford Junction, Ia., Jan. 11.—Five members of the family of Frank Blizak, a farmer, were murdered and their home fired to conceal the crime, according to the belief of coroner's assistants. The Blizak home was burned and the bodies of five of the family were found in the ruins. E. L. Magruder, an attorney, assisting the coroner, declared that the head of each corpse was missing. The coroner's jury returned an open verdict and ordered an official investigation.

## President Wilson and General Pershing Reviewing American Troops at the Front

This is one of the first photographs to reach this country showing President Wilson reviewing American troops at the front. In the stands watching the doughboys go by, are Mrs. Wilson, General Pershing, General Liggett and General Bullard.

## LOUIS E. HATHAWAY WRITES FROM FRANCE

Celebrations in France When Armistice Was Signed Differed From Those of States

## ALL WERE STUPEFIED WITH JOY

Joy too Deep for Noise or Even Expression, Many Fearful that It Was Not True

Louis E. Hathaway, son of Mr. and Mrs. E. G. Hathaway, Brainerd, Y. M. C. A. man in France, writes his parents and friends as follows: Neuchateau, France, Dec. 16, 1918.

Dear Friends:

To all who have been so kind to write to me, I am taking this method of answering you all, as it is simply impossible to write each and every one of you, much as I would like to. But please keep the letters coming as mail is our chief joy. As I write tonight, on the top of a tobacco box by candle light, the Christmas boxes are beginning to arrive. These are being turned over to me for safe keeping as I am elected to play Santa on Christmas day. We are making big plans, that is as big as we can, under the circumstances. We will have a tree, and a Santa Claus, and the home boxes (if they arrive) and the "Y" boxes to each man and something extra for dinner. And today I arranged for a concert for my men by Miss Margaret Wilson. We are also expecting "our" president in Neuf Chateau on that day. Thirty autos are being held for the presidential party.

The men are all counting the days when we will all come sailing to "Home, Sweet Home." There are rumors every day of near departure but nothing official.

It is hard to believe the war is over. Only the deep calm and happiness that prevails, is our only sign as every road about us is daily congested with convoys of trucks, guns, horses and marching soldiers—Tomatoes in khaki, Polli in their faded blue and our "Yanks."

The celebrations here when the armistice was signed was far different than in the states. Every one was almost stupefied with joy. "La guerre finit" (the war is ended) was the expression on everyone's lips. The French sobbed the words in their joy and the most of us, who had seen the ruined homes, devastated country, the suffering and death, our joy was too deep for noise or even an expression and then too, we were fearful it could not be true. "La guerre finit" was like a solemn benediction.

On my way to Metz I visited the graves of fifty of our boys who gave their all in the great adventure that last long hour, Nov. 11. We stood there in silence with bare heads—it was an intense moment, freighted with love for those who gave their all. No words are too big to say in praise of the Yanks and we must unite in doing not in saying, to express our gratitude to our men who have won this great victory.

It was vastly different "doing" over here than at home and to fully understand the trials of living in a war-stricken foreign land one must live

and do as we have. More glory to our boys for the wonderful morale.

I went into Metz with the army of occupation, riding into that famous city with a colonel in his limousine. The city so long held by the damnable Germans is a beautiful place. A cross between French and German the natives speak both languages. The city was wonderfully supplied with food and well stocked stores. Many having stocks of American merchandises you see advertised every day in the magazines. In fact, all the officers and men who have been into Germany that I have talked with bring back the same story of plenty of foodstuffs there. The story of German starvation is another lie for sympathy. There is no curse too heavy to hurl upon the curs. Why I was talking to a lad just today who told me that when he went over the top into a German dugout occupied by officers, they found freezers of ice cream. Another told me of the day the armistice was signed, that after the retreat of the huns, he and his "buddie" along with others, rushed out into no man's land for souvenirs. His Buddie reached down for an officers helmet and a carefully concealed bomb blew him into eternity.

I have a number of souvenirs picked up on the battle fields I have visited, a gun, a belt, helmet, gas mask, etc.

I went with sixty of our men to Domery, the home of Joan of Arc, John Dark, as the French pronounce it. It surely filled one with awe to stand in the room of that wonderful girl and to think that the little stone house was built years before America was even discovered, 1412. We visited the wonderful church built recently on the site where she saw the visions. We have visited Caesar's strongholds and battle grounds, old, old towns, crossed the moats on drawbridges through gates, all built during the Roman invasion. I could go on and on telling you all of these things but—well, I mustn't now.

The rainy season is on and it is disagreeable but not cold. We wear our leather jenkins and raincoats, but few times have I worn my overcoat.

I have produced a number of shows with the boys taking girls parts, and most stunning girls they make, too. We designed all our own costumes and made them too, wigs also, usually out of rope, but really wonderful creations. Anyway our fame has spread and we have been ordered by G. H. Q. (general headquarters) to go on tour, so will play Paris and then a trip through the camps and probably into Germany.

Tonight the moon is shining and now as I write (my candle has burned down) the silvery beams of light are flicking through the cracks in the wall bidding me cease. A calm, sleepy time has fallen over this big camp and the bugle in the distance is softly blowing "taps," and so dear reader, I bid you all good night and pleasant dreams. A merry, merry Christmas and a wonderful New Year.

Sincerely,

LOUIS E. HATHAWAY.

## DAILY HEALTH TALKS

Better be Careful About Your Kidneys

By N. B. COOK, M. D.

Foods taken into the stomach go through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away. Happily, Nature has provided warning alarms telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffiness under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. To overcome these troubles, Dr. Pierce, of Buffalo, N. Y., compounded what he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them out. Anuric Tablets are made double strength, so that they dissolve uric acid the same as hot water dissolves salt or sugar. Most people need Anuric Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Pierce's Pleasant Pellets. They are just as good for constiveness as his Anuric Tablets are good for kidney disorders, and that is saying a great deal.

## Lake Siljan.

The forested district roundabout Lake Siljan is one of the most interesting bits of country in the world, in the matter of local color and folk customs that have been preserved almost unchanged from earlier times. Lake Siljan lies in the heart of Sweden, in a region still relatively isolated. The lake is large enough to afford traffic for small steamers, and the country about the shores is numerous.

In dress and customs, the people of the villages that dot the shores have kept the variety and color that distinguished country districts before modern means of transportation made the world a unit, forcing us all to dress and act and think alike. Thus the village of Orsa has even a dialect markedly different from its neighbors, which is said to resemble the old Scotch more than Swedish. People of villages 10 or 12 miles apart can be distinguished by their distinctive dress. —Chicago Daily News.

## Think of Yourself.

You cannot reach a high degree of success in anything without making enemies.

Perhaps your lack of success has been caused by this very feeling that you desire to make and retain your friends.

You might have improved your position many times, but you feared the ill feeling engendered in certain circles with your advancement.

There are times in the lives of all men when they must each choose between what is for their own best interest and their friends, and this does not mean that it is a case of taking advantage of friends—merely displeasing them.

Perhaps it is a principle of business involved—perfectly honest and honorable, and to your financial credit—but what would your friends think if you took the decisive step?

## Loyal, but Not Honest.

How a man may be honorable in big things but dishonorable in lesser is shown by the story told of Prince Charles Edward, the Pretender. After the Pretender's defeat at the battle of Culloden Moor in 1746, the prince took refuge in the home of a Scottish peasant. There was a reward of £20,000 for the capture of the fugitive, but, although the peasant knew this he did not betray his royal guest. Later, this same peasant, who had scorned to possess himself of great wealth by dishonest means, stole a cow, and was tried, convicted and hanged, stealing being a capital offense in those days.

## To Protect the Trees.

From Bordeaux comes a description of a new method of protecting fruit trees against late spring frosts. This consists of spraying them with a chemical mixture called agelarine, said by its maker to be compounded from the juices of certain plants. It is a liquid, and may be handled in the ordinary hand-spray pump, but after it has been applied and exposed to the air it acquires a waxy consistency and has the appearance of a sugared or resinous coating, which is not washed off by rain and lasts for from two to five weeks effectively.

Benefit From "Melting Pot." The Alhambra, that exquisite Moorish palace at Granada, which our own Washington Irving so graphically describes, is still a silent witness to the beauty and skill of Moorish architects and sculptors. Out of all these alien people who have come to us, who seem so very foreign to us that assimilation seems almost impossible, no doubt we shall derive a benefit just as other countries have benefited in other days. History repeats itself, and America, the great melting pot of the world nations, may bring forth from the crucible men who in the future will do their part to uphold her prestige on land and sea.

## Do Something Better Than the Other Fellow---

## and ADVERTISE

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.

## Roller Bearings.

Experiments to perfect a bearing that would withstand the heavy strains of a heavy crane mill led to the discovery of the principle, and to the development of the Hyatt roller bearing, by John Wesley Hyatt, the inventor, who also invented celluloid in his search for substitute material for ivory used in billiard balls. His studies in flexibility along the billiard ball line preceded and led up to his invention of the first flexible roller bearing.

## Letter Boxes in the Heights.

In the Alps there is one letter box at an elevation of nearly 10,000 feet above the sea level from which there are collections four times a day. There are several letter receptacles at an elevation of between 6,000 and 7,000 feet.

## PRAYER ROCK WIDELY KNOWN

Idea of Vermont Citizen Has Been Productive of Far Reaching and Splendid Results.

On a cliff at the foot of Drake's hill, in Bristol, Vt., is the so-called Prayer rock, which has become widely known during the past 15 years with the increased use of motor cars. It was in 1801 that Dr. Joseph C. Greene, a former citizen of Lincoln, Vt., bethought himself how he might do something to stop the excessive use of hard language indulged in by exasperated farmers seeking to urge their horses and oxen up the steep rise in the main road between Lincoln and Starkboro. He decided that some ethical or religious reminder should be established at the foot of Drake's hill, and finally gave an order to a stonecutter to engrave the Lord's Prayer upon the face of the cliff. As the nature of the rock did not bring out the lettering clearly, Doctor Greene had the text painted white. Every spring the town authorities now repaint the letters. For many years Doctor Greene lived in Buffalo, and there received hundreds of letters from tourists, expressing approval of his prayer rock idea. The carving had the effect desired, for few drivers could but be patient with their beasts of burden in the face of the scriptural quotation on that great tablet.

## Saloniki.

The city of Saloniki had in normal times a population of about 100,000 to 120,000. This has been increased to about 400,000 through the influx of refugees from Serbia, European Turkey, Bulgaria and that part of Greek Macedonia until recently in the hands of Bulgaria. During the last few years the character of the population has been steadily changing. The Greek element has more than doubled itself and at this time stands first in numbers. Turks, formerly the most numerous class, are now third in rank and are steadily decreasing. The Jewish population stands in second place and is the most important commercially. A mixture of Bulgars, Serbs and Roumanians and Russians make up the remainder of one of the most heterogeneous populations in the world. Differences of race, religion and customs tend to make the commercial developments of Saloniki slow.

## Observation of Plants.

There cannot be complete enjoyment from growing flowering plants unless the gardener is sufficiently interested to watch them closely, observing daily changes, trying different experiments and carefully studying the results. It is in this way we learn what certain plants like best—light or heavy soil, full exposure or partial shade, abundant moisture or moderately dry soil, what fertilizers produce the best results, and so on.

When a lot of cuttings are made and placed in the sun, the base of the cuttings one after another turning black and the cuttings "damping" off, without the gardener trying the plan of cuttings in a shaded place, the case seems hopeless. A gardener of this kind had better confine his efforts to a few sturdy geraniums or other equally robust, fully-grown plants.

## STERN MEASURES BEING EMPLOYED

Buenos Aires Authorities Are Determined to Stamp Out Rioting and Anarchy.

## TROOPS ARE ON DUTY

Police and Soldiers Are Under Instructions to Shoot Whenever Necessary and Quell All Violent Outbreaks.

Buenos Aires, Jan. 11.—Strikers and police are clashing in all parts of the city. There was a particularly sharp conflict in front of the postoffice.

Several attempts were made to capture the first district police station, one block from the American consulate. It is impossible at this time to make any calculation of the number of casualties.

The cooks and waiters in all the hotels of Buenos Aires struck at dinner time and the guests, mostly Americans and Englishmen, were compelled to carry in their own food and to eat it in darkened dining rooms. Whenever a light appeared in a window the strikers did not hesitate to throw stones through it or to shoot.

## Military Defense Strengthened.

The Tenth cavalry and the First artillery and several machine gun battalions were brought in from Campo Mayo. In the outlying districts several cavalry regiments are being held in readiness to come into Buenos Aires if necessary.

The railway stations in the city and the water front works are guarded by marines.

Several persons were killed in clashes between strikers and government forces today and the government, in view of the increasing gravity of the situation, decided to adopt the most severe measures to bring about normal conditions.

The soldiers and police were instructed to shoot whenever necessary and to put down outbreaks of violence regardless of the cost in blood.

The regional federation has ordered that the general strike be continued indefinitely and has instructed its members to oppose all acts of aggression by the government forces under General Delleplane, who has about 4,000 men.

General Delleplane has assumed a military dictatorship and has taken over all the forces of the government. This action, it was explained, in no wise constitutes a measure unfriendly to President Irigoyen.

General Delleplane's assumption of dictatorial powers followed two serious attempts by strikers to capture police headquarters. He has assumed the functions of the ministers of war, the navy and the interior, making himself supreme commander.

His supporters say he is exerting all the forces at his disposal for, and not against the government.

## NEW BRITISH CABINET NAMED

Majority of Members in High Places Are Conservatives.

London, Jan. 11.—The new cabinet of Premier Lloyd George has been announced. It presents few surprises. The question the British newspapers are asking is whether Mr. Lloyd George will rule his cabinet or whether his conservative advisors will dominate him.

The majority of the members of the cabinet in high places are conservatives, notably Andrew Bonar Law, Earl Curzon, Arthur J. Balfour and Viscount Milner. Only four years ago their party regarded Mr. Lloyd George as the Conservatives today regard the Bolsheviks.

## DOWNED 26 ENEMY PLANES

Captain Edward V. Rickenbacker is Premier American Ace.

Washington, Jan. 11.—Capt. Edward V. Rickenbacker of Columbus, Ohio, famous as an automobile driver, was the premier "ace" of the American air force in France, having shot down 26 enemy planes to his credit. An official report received at the War department showed that there were 63 aces, men downing five or more enemy machines, in the American army when the war ended.

## BRITISH VESSEL HITS MINE

Most of the Crew Are Believed to Have Perished.

London, Jan. 11.—The British steamer Northumbria struck a mine off Middleborough Thursday and it is believed that most of the crew was lost. A boat with two survivors and eight dead has been washed ashore at Newton Abbot. Four boats which left the ship with survivors are missing.

## Family Believed Murdered.

Oxford Junction, Ia., Jan. 11.—Five members of the family of Frank Blizak, a farmer, were murdered and their home fired to conceal the crime, according to the belief of coroner's assistants. The Blizak home was burned and the bodies of five of the family were found in the ruins. E. L. Magruder, an attorney, assisting the coroner, declared that the head of each corpse was missing. The coroner's jury returned an open verdict and ordered an official investigation.

## President Wilson and General Pershing Reviewing American Troops at the Front

This is one of the first photographs to reach this country showing President Wilson reviewing American troops at the front. In the stands watching the doughboys go by, are Mrs. Wilson, General Pershing, General Liggett and General Bullard.

## LOUIS E. HATHAWAY WRITES FROM FRANCE

Celebrations in France When Armistice Was Signed Differed From Those of States

## ALL WERE STUPEFIED WITH JOY

Joy too Deep for Noise or Even Expression, Many Fearful that it Was Not True

Louis E. Hathaway, son of Mr. and Mrs. E. G. Hathaway, Brainerd, Y. M. C. A. man in France, writes his parents and friends as follows:

Neufchateau, France, Dec. 16, 1918.

Dear Friends:

To all who have been so kind to write to me, I am taking this method of answering you all, as it is simply impossible to write each and every one of you, much as I would like to. But please keep the letters coming as mail is our chief joy. As I write tonight, on the top of a tobacco box by candle light, the Christmas boxes are beginning to arrive. These are being turned over to me for safe keeping as I am elected to play Santa on Christmas day. We are making big plans, that is as big as we can, under the circumstances. We will have a tree, and a Santa Claus, and the home boxes (if they arrive) and the "Y" boxes to each man and something extra for dinner. And today I arranged for a concert for my men by Miss Margaret Wilson. We are also expecting "our" president in Neuf Chateau on that day. Thirty autos are being held for the presidential party.

The men are all counting the days when we will all come sailing to "Home, Sweet Home." There are rumors every day of near departure but nothing official.

It is hard to believe the war is over. Only the deep calm and happiness that prevails, is our only sign as every road about us is daily congested with convoys of trucks, guns, horses and marching soldiers—Tommies in khaki, Poles in their faded blue and our "Yanks."

The celebrations here when the armistice was signed was far different than in the states. Every one was almost stupefied with joy. "La guerre finit" (the war is ended) was the expression on everyone's lips. The French sobbed the words in their joy and the most of us, who had seen the ruined homes, devastated country, the suffering and death, our joy was too deep for noise or even an expression and then too, we were fearful it could not be true. "La guerre finit" was like a solemn benediction.

On my way to Metz I visited the graves of fifty of our boys who gave their all in the great adventure that last long hour, Nov. 11. We stood there in silence with bowed heads. It was an intense moment, freighted with love for those who gave their all. No words are too big to say in praise of the Yanks and we must all unite in doing not in saying, to express our gratitude to our men who have won this great victory.

It was vastly different "doing" over here than at home and to fully understand the trials of living in a war-stricken foreign land one must live

and do as we have. More glory to our boys for the wonderful morale.

I went into Metz with the army of occupation, riding into that famous city with a colonel in his limousine. The city so long held by the damnable Germans is a beautiful place. A cross between French and German the natives speak both languages.

The city was wonderfully supplied with food and well stocked stores. Many having stocks of American merchandise you see advertised every day in the magazines. In fact, all the officers and men who have been into Germany that I have talked with bring back the same story of plenty of foodstuffs there. The story of German starvation is another lie for sympathy. There is no curse too heavy to hurl upon the curs. Why I was talking to a lad just today who told me that when he went over the top into a German dugout occupied by officers, they found freezers of ice cream. Another told me of the day the armistice was signed, that after the retreat of the huns, he and his "buddie" along with others, rushed into no man's land for souvenirs.

His Buddie reached down for an officers helmet and a carefully concealed bomb blew him into eternity. I have a number of souvenirs picked up on the battle fields I have visited, a gun, a belt, helmet, gas mask, etc.

I went with sixty of our men to Domery, the home of Joan of Arc, John Dark, as the French pronounce it. It surely filled one with awe to stand in the room of that wonderful girl and to think that the little stone house was built years before America was even discovered, 1412. We visited the wonderful church built recently on the site where she saw the visions. We have visited Caesar's strongholds and battle grounds, old, old towns, crossed the moats on drawbridges through gates, all built during the Roman invasion. I could go on and on telling you all of these things but—well, I mustn't now.

The rainy season is on and it is disagreeable but not cold. We wear our leather jerkins and raincoats, but few times have I worn my overcoat.

I have produced a number of shows with the boys taking girls parts, and most stunning girls they make, too. We designed all our own costumes and made them too, wigs also, usually out of rope, but really wonderful creations. Anyway our fame has spread and we have been ordered by G. H. Q. (general headquarters) to go on tour, so will play Paris and then a trip through the camps and probably into Germany.

Tonight the moon is shining and now as I write (my candle has burned down) the silvery beams of light are flicking through the cracks in the wall hiding me cease. A calm, sleepy time has fallen over this big camp and the bugle in the distance is softly blowing "taps," and so dear reader, I bid you all good night and pleasant dreams. A merry, merry Christmas and a wonderful New Year.

Sincerely,

LOUIS E. HATHAWAY.

## Optimistic Thought.

It is honorable to be accused by those who deserve to be accused.

## DAILY HEALTH TALKS

Better be Careful About Your Kidneys

BY N. B. COOK, M. D.

Food taken into the stomach goes through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away. Happily, Nature has provided warning alarms telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffiness under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. To overcome these troubles, Dr. Pierce's Anurie Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anurie Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them out. Anurie Tablets are made double strength, so that they dissolve uric acid the same as hot water dissolves salt or sugar. Most people need Anurie Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Pierce's Pleasant Pellets. They are just as good for constiveness as his Anurie Tablets are good for kidney disorders, and that is saying a great deal.

## Lake Siljan.

The forested district roundabout Lake Siljan is one of the most interesting bits of country in the world, in the matter of local color and folk customs that have been preserved almost unchanged from earlier times. Lake Siljan lies in the heart of Sweden, in a region still relatively isolated. The lake is large enough to afford traffic for small steamers, and the country boasts of the peasants are numerous.

In dress and customs, the people of the villages that dot the shores have kept the variety and color that distinguished country districts before modern means of transportation made the world a unit, forcing us all to dress and act and think alike. Thus the village of Orsa has even a dialect markedly different from its neighbors, which is said to resemble the old Scotch more than Swedish. People of villages 10 or 12 miles apart can be distinguished by their distinctive dress. —Chicago Daily News.

## Think of Yourself.

You cannot reach a high degree of success in anything without making enemies.

Perhaps your lack of success has been caused by this very feeling that you desire to make and retain your friends.

You might have improved your position many times, but you feared the ill feeling engendered in certain circles with your advancement.

There are times in the lives of all men when they must each choose between what is for their own best interest and their friends, and this does not mean that it is a case of taking advantage of friends—merely dispensing them.

Perhaps it is a principle of business involved—perfectly honest and honorable, and to your financial credit—but what would your friends think if you took the decisive step?

## Loyal, but Not Honorable.

How a man may be honorable in big things but dishonorable in lesser is shown by the story told of Prince Charles Edward, the Pretender. After the Pretender's defeat at the battle of Culloden Moor in 1746, the prince took refuge in the home of a Scottish peasant. There was a reward of £20,000 for the capture of the fugitive, but, although the peasant knew this he did not betray his royal guest. Later, this same peasant, who had scorned to possess himself of great wealth by disloyal means, stole a cow, and was tried, convicted and hanged, stealing being a capital offense in those days.

## To Protect the Trees.

From Bordeaux comes a description of a new method of protecting fruit trees against late spring frosts. This consists of spraying them with a chemical mixture called acelarine, said by its maker to be compounded from the juices of certain plants. It is a liquid, and may be handled in the ordinary hand-spray pump, but after it has been applied and exposed to the air it acquires a waxy consistency and has the appearance of a sugar or resinous coating, which is not washed off by rain and lasts for from two to five weeks effectively.

## Benefit From "Melting Pot."

The Alhambra, that exquisite Moorish palace at Granada, which our own Washington Irving so graphically describes, is still a silent witness to the beauty and skill of Moorish architects and sculptors. Out of all these alien people who have come to us, who seem so very foreign to us that assimilation seems almost impossible, no doubt we shall derive a benefit just as other countries have benefited in other days. History repeats itself, and America, the great melting pot of the world nations, may bring forth from the crucible men who in the future will do their part to uphold her prestige on land and sea.

## 13 ARRAIGNED IN DISTRICT COURT

Nels Johnson, John Hagen and Joe Caron Plead Guilty to Infractions Liquor Laws

### HILDA HILL BEFORE THE COURT

Nine Range People Charged With Keeping Unlicensed Drinking Places, Etc.

In district court various indictments returned by the grand jury were made public and defendants arraigned.

Nels Johnson, John Hagen and Joe Caron, each charged with keeping an unlicensed drinking place and selling liquor without a license, pleaded guilty and Judge W. S. McClenahan set February 1 as the day for imposing sentence. This was because the defendants have been ordered to appear in Duluth for appearance at the federal court. Bail in Brainerd was fixed at \$500 each, which was furnished.

Mrs. Hilda Hill, charged with manslaughter in the first degree, was arraigned and pleaded not guilty. She is in custody. She is charged with shooting and killing her husband at their home in Manganese.

Mike Stimich and Victoria Stimich, his wife, Rose Perovich, John Coff, Joe Bohmick, Rose Dromorich and Emma Brown and Mike Brown her husband, Eva Jakovich were arraigned and each plead not guilty to the charge of keeping an unlicensed drinking place and selling liquor without a license. Swanson & Swanson appeared for the defendants at the arraignment and stated that Victor Powers of Hibbing would represent them at the trial which will occur some time in February.

### MOLSTAD AGGIE CAPTAIN

Is Leading Player in Farm School Basketball Team at Minneapolis

(St. Paul Pioneer Press) William (Shorty) Molstad of Brainerd, star forward on the Minnesota Aggies basketball team, has been chosen to lead the farm school team this winter.

Molstad, who is in his last year, has been one of the leading players on the Aggies' quint and he is the kingpin of the team this year.

### SAXAPHONE CLASS

Richard H. Rehl Popularizing Instrument in this City. Many Girls in Class

Richard H. Rehl, director of the Brainerd City band, is doing much to popularize the saxophone in Brainerd and his classes include many young ladies of the city. Some of the uninitiated have an idea that it takes much lung power to manage the saxophone, but such is not the case. It is the art in knowing how to play that evokes the sweet harmonies.

A saxophone quartet resembles the best human quartet. The tones are very human and the range of the instrument is remarkable.

### CYRIL A. BRISBANE

Locomotive Engineer of Rowe Mine, Riverton, Died in Brainerd

Cyril A. Brisbane, age 33, a locomotive engineer at the Rowe mine at Riverton, died of cancer of the stomach Friday at a local hospital and leaves a wife and four children. He leaves his parents, Mr. and Mrs. Thos. Brisbane of 1415 Norwood street, three brothers, W. E. of Mankato, George of Kansas City, Mo., and G. L. of Randall and a sister, Miss Esther Brisbane. He was a member of the Knights of Columbus. Funeral arrangements will be announced later.

Saturday it was announced the funeral will be held at 9 o'clock Monday morning from St. Francis Catholic church.

## ORDINARY SALT TO CLEAN THE FURNACE

Will Remove Soot Deposits From Steam Boilers and House Heating Furnaces

### PUT COMMON SALT IN THE FIRE

Dense, White Fumes are Formed Which Penetrate Every Part of Furnace and Pipes

In a bulletin sent out by the United States Fuel Administration for Minnesota, salt is recommended to remove soot in heating plants burning soft coal. County Fuel Administrator George D. LaBar received the bulletin and Brainerd industrial establishments and householders generally are going to give the method a trial.

Common salt, either of the table variety or fine grain fresh salt (such as is used in making ice cream) has been found effective in removing soot and tar from the heating surfaces, flues, smoke pipes or chimneys of hot water, hot air or steam plants in residences or apartment buildings. For a residence of eight or ten rooms, proceed as follows:

Get the fire into good condition so that the fuel bed is bright or incandescent and on the hottest part of the fire spread about two or three handfuls of salt; then close the fire door and open the drafts. The heating plant will immediately become filled with dense, white fumes which will penetrate to every part of the furnace, smoke flues and chimney, and in from one-half to one hour the effects of the salt will disappear. Then brighten up the fire again and repeat the operation two or three times until all heating surfaces have been entirely cleaned.

Later one application of the salt treatment once or twice a week will keep the heating surfaces in clean and efficient condition.

The chemical action will not attack iron or be in any way detrimental to your heating plant.

For larger or smaller heating plants, increase or decrease the amount of salt proportionately.

One of the most difficult problems which conservation engineers encounter in the burning of bituminous coal in both steam boilers and house heating furnaces, is the removal of the excessive deposits of soot and tarry substances on the cold heating surfaces of the boilers. This tar or soot has an insulating value far in excess of any commercial insulator. One thirty-second of an inch of soot on a boiler reduces the transmission of heat approximately 10 per cent and 20 per cent for 1-16 of an inch.

By using salt it is entirely feasible to remove soot without the necessity of letting down the boiler, or additional expenditure of labor. The fire is put into good condition with a substantial body of hot fuel. Common salt, previously dried, is then thrown or sprinkled onto the incandescent fuel bed in a quantity depending entirely on the size of the furnace. In the case of a household furnace, a pound at a time is ample, in the case of a power plant boiler, four or five scoops full may be required. The dampers are kept open so as to maintain the furnace temperature and the salt is allowed to remain until the fumes have entirely disappeared.

The heating surfaces are cleaned to the utmost corners. The boiler can be cleaned when in service without the use of special equipment, extra labor or interruption to the use of the boiler.

The Dispatch has but one comment to make and that is, don't take a Monday to clean the furnace. Have a heart for your neighbor's washline.

### Notice

Good Templar lecture at Scandia hall Southeast Brainerd, 8 o'clock, Saturday night, Jan. 11. Mr. Frithiof Werenskjoeld of Chicago, will be the speaker of the evening, using the Scandinavian language. All interested are invited to attend. 18513

## KOOCHICHING CO. GAINS VERDICT

Jury Out Four Hours Returns Verdict of \$9,300 and Interest vs John Nuveen & Co.

### MOTION FOR A NEW TRIAL

First Case to be Heard Monday Morning will be Torkelson vs Nicholson

A verdict for the plaintiff, amounting to \$11,213.80, was returned by the jury in the case of Koochiching county vs George A. Elder, Commercial Investment Co. of Duluth, John Nuveen & Co., of Chicago, et al.

The judgment is against John Nuveen & Co., Chicago bankers are bond buyers, and is for \$9,300 and interest, as represented by the bonus or commission on the sale of \$186,000 ditch bonds, the difference between par and what Koochiching county actually got.

The jury was out four hours. Attorneys for Nuveen & Co. were John H. Hill of Chicago and F. E. Ebner of Brainerd. For Koochiching county were N. B. Arnold of Duluth and M. E. Ryan of Brainerd.

From a conversation with Mr. Arnold it is understood that another case is to be instituted wherein Koochiching county claims \$45,900 and interest as the difference between par on a \$765,000 bond issue and what the county actually got, representing the bonus and commission alleged paid Elder and Nuveen.

Nuveen & Co., it is understood will ask for a new trial in the case just decided.

In the case of Even Evenson vs Rainerd Olson, Norval Olson and Claus Olson, there was no appearance of defendant and a verdict was returned for the plaintiff.

Court adjourned at the close of the morning session Saturday. On Monday the first case to be tried will be Lizkie Torkelson, as special administratrix of the estate of Rudolph Torkelson, deceased, vs Joseph Nicholson. Attorney M. E. Ryan appears for the plaintiff and C. D. and R. D. O'Brien for the defendant.

### CORP. FRANK S. WALKER

Served in Europe, Returned Home on an Interned German Ship—Refers to Poetry

Under date of Newport News, Va., January 1st, Corporal Frank S. Walker, former Crow Wing county commissioner, who served over there, writes:

"Enclosed please find a small poem written by a member of the House of Parliament, England, who visited the lines this fall and has changed his mind in regard to the Americans.

"I arrived yesterday on the interned German ship Aeolus and believe me, I am glad to have my feet on good old U. S. A. once more. Kindly greet any of my old friends you may chance to meet."

The poem follows:

### The First Yankees on the Marne

(The views of a Colony "Tommy")  
Oh, the English and the Irish, and the "owlin' Scotlins, too,  
The Canucks and Austrelyuns, and the 'airy French polu—  
The only thing wot bothered us a year afore we knew—  
Was 'ow in 'ell the Yanks would look, an' wot the 'ell they'd do.

"They 'adn't any tryin'; they didn't know the gyme;  
They 'adn't never marched it much—their shootin' was the syme;  
And the blessed thing wot bothered us in all staggerin' ranks,  
Was wot in 'ell would 'appen when the 'Uns 'ad 'ell the Yanks.

My word—it 'appened sudden, when the order came to 'aste;  
The Yanks rushed on the Germans—Gwn blimy, 'ow they chased.  
But the only thing wot bothered us wotseed the chase begin  
Was 'ow in 'ell to stop 'em 'fore they got into Berlin.

They didn't 'ave no tactics but the bloody manual;  
They didn't 'ave no order but 'Ooray, and 'Give 'em 'ell!  
But the only thing wot bothered us about them spunky lads,  
Was 'ow in 'ell to get the chow to feed their "Kamerades."

So we'er standin' all together in a stiffish firin' line—  
If anyone would ask you, you can say we'er doin' fine.  
But the only thing wot bothered us—and that don't bother much—  
Is 'ow in 'ell to get the dirt to bury all the Dutch.

Gaw's truth. It's rotten fightin' that all our troops 'as seen;  
The 'un's a dirty player, because 'e's always been.  
But the only thing wot bothered us when workin' them tank tanks  
Is 'ow in 'ell we'd done it if we adn't 'ad the Yanks.

Oh, the English and the Irish, and the 'owlin' Scotlins, too,  
The Canucks and Austrelyuns, and the 'airy French polu—  
The only thing wot bothered us don't bother us no more;  
It's why in 'ell we didn't know the Yankee boys before.

—Written by Fred Horner, M. P.

### MOTLEY P. O. BURNED

Loss on Building \$1,000 With Insurance of \$300. Government Lost Nothing in Blaze

The Motley postoffice burned, the building loss amounting to \$1,000 with \$300 insurance. The government lost nothing. The fire appears to have had its origin from a defective chimney which took fire and was "burning out." Postmaster John Monahan and family occupied rooms upstairs and it was Mrs. Monahan who first discovered the fire. It was then too late to save the building and all efforts were directed toward saving the fixtures, mail matter and stamps and as much of the household furniture on the upper floor as was possible.

The government loses nothing and Mr. Monahan, says the Staples World, has a loss of about \$100 without insurance.

The building was owned by J. O. Johnson and had been built for a great many years. The postoffice at once opened again in the Webster building where it used to be located.

## GET THE CHURCH-GOING HABIT AGAIN

This is the Slogan of the Churches Now That the Flu Ban is Lifted

### SUNDAY SCHOOLS ARE HARD HIT

But Two Sessions Were Permitted During the Last Three Months of Last Year

The churches are working hard to again establish at least the average attendance at church service and in the Sunday schools in vogue before the influenza epidemic.

The churches were the hardest hit by the flu ban order. Now that this has been lifted all efforts are centered upon attendance.

The ban was lifted last Saturday but announcement was made too late for all to reorganize. Tomorrow many of the Sunday schools will hold the third service since October 1st, 1918.

"Get the Church-Going Habit Again," is the slogan now among the church people.

### ROLL OF HONOR

The many friends of Lieut. George H. Ribbel are sorry to hear that he did not return with the 125th Field Artillery which has just arrived from France, as he has been transferred to St. Surplice Hospital near Bordeaux owing to a shortage of dentists, to take care of the great amount of work to be done there.

Father Joseph L. Quillien, formerly rector of St. Joseph's Catholic church of Crosby and later of Walker, is back and intends visiting in Walker with friends until assigned to a parish. He has a wound stripe to remind him of a whiff of mustard gas at Mont Faucon. "There is no place like the good old U. S. A., even for a Frenchman," he says in the Duluth Herald. "The war has done away with a great deal of prejudice," he said. "Protestant and Catholic chaplains worked side by side. Protestant chaplains did what they could for dying Catholics and Catholic chaplains did what they could for dying Protestants." Father Quillien began with the Forty-Second or famous Rainbow Division and was with them in the Argonne forest and until they went to a rest camp after the battle of Chateau Thierry. Then he was transferred to the Thirty-Seventh. He was at the front with it until the end of the fighting, except for the weeks in the hospital following a gas attack. He was released from service on December 19 and sailed for New York on December 22.

First Lieut. P. N. Haughtelin, formerly superintendent of schools of the Crosby-Inton high school, has received his honorable discharge from the army. He was in the city on his way to St. Cloud where he formerly was engaged in school work.

### DAVIS GUEST OF PILGRIMS

British Society Entertains New American Ambassador.

London, Jan. 11.—The British branch of the Pilgrims which, according to tradition, is the first public organization in England to entertain new American ambassadors, had John W. Davis, the new American ambassador, as their guest at a luncheon. A distinguished assemblage of British and American public men were present.

Mr. Davis in replying to a toast to his health, after thanking the Pilgrims for their welcome, said he could not let slip this opportunity to voice for the people of the United States their deep appreciation of the splendid reception Great Britain had just given to their chief magistrate and the gracious hospitality of their majesties, the king and queen.

## N. M. D. A. CONVENES IN GRAND RAPIDS

Program as Revised for the Two Days Session, Thursday and Friday, January 15-16

### POTATO SHOW TO BE HELD TOO

Problems to be Discussed are all Live Ones and Factors in State Development

The biggest event in north state conventions will be the convening of the Northern Minnesota Development Association at Grand Rapids January 15 and 16.

Brainerd will send a delegation of which County Agricultural Agent E. A. Colquhoun an Secretary Fred T. Lincoln will arrive early on the scene. Mr. Colquhoun will arrange the potato exhibit of Crow Wing county. President R. R. Wise leaves Tuesday for the convention.

Grand Rapids plans to entertain a large crowd. The problems to be considered are all live ones and factors in state development. The Twin Cities will be represented, including state capitol and business men.

The program as revised to date is:

Wednesday, January 15, 1919  
9 A. M.—Seating of delegates. Roll call.

Invocation.  
Address of welcome, mayor of Grand Rapids.

President's address, R. R. Wise, Brainerd.

Secretary's report, F. T. Lincoln, Brainerd.

The Minnesota Potato Growers' Association, H. B. Kober, president Minnesota Potato Growers' Association.

Remarks on character of exhibits and reasons for placing awards; Judge J. G. Milward.

AFTERNOON SESSION 1:30  
Potato Development in Minnesota. Report of the secretary concerning the Potato Seed Plot Demonstrations, A. G. Tolaks.

Seed Plot work in Ottertail County, J. V. Bopp, county agricultural agent, Ottertail county.

Market Problems, P. E. Clement, Fargo, North Dakota.

The Value of Potato Seed Certification, E. C. Stakman, St. Paul.

Smoker and Reception, Grand Rapids Commercial club, 8 P. M.

Thursday, January 16, 1919.  
9:30 a. m.—Address, Hon. A. D. Wilson, "Minnesota's Part in Winning the War."

"Forest Fire Prevention," A. P. Stillman, Hibbing.

"Work of Minnesota Immigration Department, Results and prospects for the future," Fred D. Sherman, commissioner for immigration.

"Minnesota Lands for Returned Soldiers," Chas. P. Craig, Duluth.

AFTERNOON SESSION  
1:30 P. M.—"Women's part in the Development of a Home in Northern Minnesota," Mary Elizabeth Stillwell, home demonstration agent, St. Louis county.

"The Northern Minnesota Development Association, Its Past and Future," by Hon. P. H. McGarry, Walker.

"Sheep for Northern Minnesota," by Roger M. Andrews, Menominee, Michigan, publisher of Cloverland.

"The Sheep Question in General," Prof. W. A. McKerrrow, state leader U. S. Department of Agriculture, University Farm, St. Paul.

Sheep quiz, conducted by T. A. Hovstad, agent Federal Land Bank, Agricultural College, North Dakota.

"Reclamation of Hay Lands in Leech Lake Reservoir Territory," Report by S. D. Patrick, Deer River, Minn.

Reports of committees, election of officers of the Northern Minnesota Development Association and selection of next place of meeting.

### ASK NAVY FORCE OF 225,000

Committee Makes Recommendation for Temporary Force.

Washington, Jan. 11.—A temporary naval force of 225,000 enlisted men for the year beginning next July was decided on by the house naval subcommittee in beginning the work of framing the naval appropriation bill. This force is 25,000 less than was recommended by Secretary Josephus Daniels.

### DAVIS GUEST OF PILGRIMS

British Society Entertains New American Ambassador.

London, Jan. 11.—The British branch of the Pilgrims which, according to tradition, is the first public organization in England to entertain new American ambassadors, had John W. Davis, the new American ambassador, as their guest at a luncheon. A distinguished assemblage of British and American public men were present.

Mr. Davis in replying to a toast to his health, after thanking the Pilgrims for their welcome, said he could not let slip this opportunity to voice for the people of the United States their deep appreciation of the splendid reception Great Britain had just given to their chief magistrate and the gracious hospitality of their majesties, the king and queen.

## 13 ARRAIGNED IN DISTRICT COURT

Nels Johnson, John Hagen and Joe Caron Plead Guilty to Infractions Liquor Laws

### HILDA HILL BEFORE THE COURT

Nine Range People Charged With Keeping Unlicensed Drinking Places, Etc.

In district court various indictments returned by the grand jury were made public and defendants arraigned.

Nels Johnson, John Hagen and Joe Caron, each charged with keeping an unlicensed drinking place and selling liquor without a license, pleaded guilty and Judge W. S. McClenahan set February 1 as the day for imposing sentence. This was because the defendants have been ordered to appear in Duluth for appearance at the federal court. Bail in Brainerd was fixed at \$500 each, which was furnished.

Mrs. Hilda Hill, charged with manslaughter in the first degree, was arraigned and pleaded not guilty. She is in custody. She is charged with shooting and killing her husband at their home in Manganese.

Mike Stimich and Victoria Stimich, his wife, Rose Perovich, John Coff, Joe Bohnick, Rose Dromarich and Emelia Brown and Mike Brown her husband, Eva Jakovich were arraigned and each plead not guilty to the charge of keeping an unlicensed drinking place and selling liquor without a license. Swanson & Swanson appeared for the defendants at the arraignment and stated that Victor Powers of Hibbing would represent them at the trial which will occur some time in February.

### MOLSTAD AGGIE CAPTAIN

Is Leading Player in Farm School Basketball Team at Minneapolis

(St. Paul Pioneer Press) William (Shorty) Molstad of Brainerd, star forward on the Minnesota Aggies basketball team, has been chosen to lead the Farm school team this winter.

Molstad, who is in his last year, has been one of the leading players on the Aggies' quint and he is the kingpin of the team this year.

### SAXAPHONE CLASS

Richard H. Rehl Popularizing Instrument in this City. Many Girls in Class

Richard H. Rehl, director of the Brainerd City band, is doing much to popularize the saxophone in Brainerd and his classes include many young ladies of the city. Some of the uninitiated have an idea that it takes much lung power to manage the saxophone, but such is not the case. It is the art in knowing how to play that evokes the sweet harmonies.

A saxophone quartet resembles the best human quartet. The tones are very human and the range of the instrument is remarkable.

Father Joseph L. Quillion, formerly rector of St. Joseph's Catholic church of Crosby and later of Walker, is back and intends visiting in Walker with friends until assigned to a parish. He has a wound stripe to remind him of a whiff of mustard gas at Mont Faucon. "There is no place like the good old U. S. A., even for a Frenchman," he says in the Duluth Herald. "The war has done away with a great deal of prejudice," he said. "Protestant and Catholic chaplains worked side by side. Protestant chaplains did what they could for dying Catholics and Catholic chaplains did what they could for dying Protestants." Father Quillion began with the Forty-Second or famous Rainbow Division and was with them in the Argonne forest and until they went to a rest camp after the battle of Chateau Thierry. Then he was transferred to the Thirty-Seventh. He was at the front with it until the end of the fighting, except for the weeks in the hospital following a gas attack. He was released from service on December 19 and sailed for New York on December 22.

First Lieut. P. N. Haugtulin, formerly superintendent of schools of the Crosby-Ironton high school, has received his honorable discharge from the army. He was in the city on his way to St. Cloud where he formerly was engaged in school work.

## N. M. D. A. CONVENES IN GRAND RAPIDS

Program as Revised for the Two Days Session, Thursday and Friday, January 15-16

### POTATO SHOW TO BE HELD TOO

Problems to be Discussed are all Live Ones and Factors in State Development

The biggest event in north state conventions will be the convening of the Northern Minnesota Development Association at Grand Rapids January 15 and 16.

Brainerd will send a delegation of which County Agricultural Agent E. A. Colquhoun an Secretary Fred T. Lincoln will arrive early on the scene. Mr. Colquhoun will arrange the potato exhibit of Crow Wing county. President R. R. Wise leaves Tuesday for the convention.

Grand Rapids plans to entertain a large crowd. The problems to be considered are all live ones and factors in state development. The Twin Cities will be represented, including state capital and business men.

The program as revised to date is: Wednesday, January 15, 1919 9 A. M.—Seating of delegates. Roll call. Invocation. Address of welcome, mayor of Grand Rapids. President's address, R. R. Wise, Brainerd. Secretary's report, F. T. Lincoln, Brainerd.

The Minnesota Potato Growers' Association, H. B. Kobler, president Minnesota Potato Growers' Association. Remarks on character of exhibits and reasons for placing awards: Judge J. G. Milward.

AFTERNOON SESSION 1:30 Potato Development in Minnesota. Report of the secretary concerning the Potato Seed Plot Demonstrations, A. G. Tolans.

Seed Plot work in Ottentail County, J. V. Bopp, county agricultural agent, Ottentail county. Market Problems, P. E. Clement, Fargo, North Dakota.

The Value of Potato Seed Certification, E. C. Stakman, St. Paul. Smoker and Reception, Grand Rapids Commercial club, 8 P. M.

Thursday, January 16, 1919. 9:30 a. m.—Address, Hon. A. D. Wilson, "Minnesota's Part in Winning the War."

"Forest Fire Prevention," A. P. Sullivan, Hibbing.

"Work of Minnesota Immigration Department. Results and prospects for the future," Fred D. Sherman, commissioner for Immigration.

"Minnesota Lands for Returned Soldiers," Chas. P. Craig, Duluth.

AFTERNOON SESSION 1:30 P. M.—"Women's part in the Development of a Home in Northern Minnesota," Mary Elizabeth Stilwell, home demonstration agent, St. Louis county.

"The Northern Minnesota Development Association. Its Past and Future," by Hon. P. H. McGarry, Walker.

"Sheep for Northern Minnesota," by Roger M. Andrews, Menominee, Michigan, publisher of Cloverland.

"The Sheep Question in General," Prof. W. A. McKerrrow, state leader U. S. Department of Agriculture, University Farm, St. Paul.

Sheep quiz, conducted by T. A. Hovstad, agent Federal Land Bank, Agricultural College, North Dakota.

"Reclamation of Hay Lands in Leech Lake Reservoir Territory," Report by E. D. Patrick, Deer River, Minn.

Reports of committees, election of officers of the Northern Minnesota Development Association and selection of next place of meeting.

## Do You Pay Your Bills?

### Men Will Do It

It's easy to get into debt—and it's hard to get out.

When temptation calls, it's easy to take the wrong road, painted bright by our own imaginings, and sometimes mighty hard to steer along the straight and narrow path.

On such occasions, CHARACTER is the compass, the adviser that keeps us right in spite of rosy hallucinations.

And once wrong—it's hard to get back right.

THEN CHARACTER TELLS. Then the REAL MAN will out. And it is this everlasting fight, this eternal effort to resist temptation, to resist what is wrong, that makes a people strong.

It is easy to get into DEBT and hard to get out—ofttimes a task—but a task that CONSCIENCE GOOD BREEDING, BLOOD AND CHARACTER imposes and demands filled.

COWARDS WILL SHIRK THE TASK. Weaklings will seek other avenues of escape. MEN WILL FACE THE JOB AND DO IT!

### Reclaim Yourself

Presuming you, gentle reader, are in debt—and sinking further and further as the days pass—are you looking for the easier way—the DEAD BEAT ROUTE through the bankrupt court or have you the courage left to face the music and pay the fiddler—ARE YOU STILL A MAN?

COWARDS SHIRK. And a shirking coward will, in desperation, commit every offense against society listed in the category of crime. There is nothing too low for him to do. A DEAD BEAT IS A COWARD, WHO HAS SHIRKED HIS OBLIGATIONS, SACRIFICED HIS HONOR—HIS NAME—AND HIS ALL for a few paltry pennies.

### ASSERT YOURSELF!

PROVE TO THE WORLD THAT YOU ARE NOT A COWARD as you stand accused. PROVE TO THE WORLD THAT YOU ARE A MAN PATTERNER after the image of your Creator.

RECLAIM YOURSELF. No swamp, desert or worked-out nook of the world ever offered a more fertile field for reclamation.

### A Good Name

If your creditors are persistent—it was your persistency in refusing to pay that made them that way. And the more persistent you were, the more persistent they are.

### YOU REAP WHAT YOU SOW.

But they do not want to humiliate you. They do not want you to be a DEAD BEAT. They would much rather you have a rating above reproach than one that is a reproach to you.

They want to trust you with their goods. BUT THEY DO DEMAND SETTLEMENT.

All they ask is a square deal. They stand ready to go out of their way to help you back upon the road of respectability and honor.

If you are in the DEBT MIRE—see them—tell them—and they'll meet you more than half way to help you back. But you must DO SOMETHING. Don't expect them to draw a red line under your account and thank you for nothing.

YOU BOUGHT—and you must PAY a hundred cents on the dollar.

Yes, it's hard—but great rewards come high. And this—the greatest reward of all—A GOOD NAME—is worth it.

### Brainerd Business Men's Ass'n.

## M'ADOO'S RAILWAY PLAN IS STARTLING

WOULD MAKE AN EXTRA SESSION NECESSARY IF DECIDED BY THIS CONGRESS.

### MUCH LEGISLATION WAITING

Holiday Recess Likely to Be Shortest on Record—Sharp Exchange Between Mann and Hardy—Pou for Big Navy.

By ARTHUR W. DUNN.

Washington, Jan. 10.—Secretary McAdoo, during the closing days of his term as director of railroads, certainly slipped over a legislative bomb which is sure to cause a great deal of discussion if any attempt is made to decide it at this session of congress, a discussion which would force an extra session. The proposition to extend the time of government control of railroads for five years instead of 21 months after the end of the war is a question that will not be determined in any two months' talk. In fact it is almost certain that legislation of this kind is bound to go over to the new congress, as the importance of the subject is very great. One thing is certain: There is enough legislation, reconstruction and otherwise, stacked up ahead of the lawmakers to keep them busy for a long time to come.

It is likely that we are to have the shortest holiday recess ever known in congress. There have been times when congress pretended to be in session, but adjournments of several days precluded the possibility of doing any business. At this time, however, it is not likely that the Christmas recess will be more than two or three days. Even by the saving of that time it is doubtful if congress will be able to avoid an extra session, although everybody is apparently working with great diligence toward that end.

This does not mean that the treaty of peace will be delayed, for the senate can be called in executive session for the purpose of considering the peace treaty without having the house in session. But even with all the speed that can be put upon business it is extremely doubtful whether everything can be cleared up so as to avoid an extra session of congress some time in the spring.

Minority Leader Mann has taken quite an active part in everything that has been brought before the house since he resumed his old position. He spoke on the resolution proposing an investigation of the National Security league which had so severely criticized the loyalty of members of congress, and he remembered that he was a partisan, for he mentioned the fact that somebody furnished a lot of information to a very nice young gentleman who was running against him. "Every line of which was a falsehood, but I think he got his information from the Democratic congressional committee," Mann went on to say that "if we are going to investigate all the falsehoods published concerning us, I would commence with the Democratic congressional committee."

Congressman Hardy of Texas interjected a remark to the effect that there were as many false statements about Democrats coming from the Republican committee as from the Democratic committee about Republicans. Mann did not agree to this, on the ground that the Republican committee "never had as vivid an imagination as the Democrats."

## "Does not the gentleman think that is a pretty vivid statement he is making right now?" asked Hardy.

"No," replied Mann, "that is a statement of pure fact."

"That nobody else would agree to," interjected Hardy.

"If I thought the gentleman from Texas would agree to any statement I made, I would think I was in error," was Mann's retort.

That last remark of Mann's showed that he has lost none of his vitriolic vigor during his illness.

Congressman Pou of North Carolina is one of the men who believe that the United States should maintain a great navy. "I could never see any sense," he told the house one day, "in having a navy just big enough to be defeated. I want a navy big enough to defeat any other navy in the world. I expect the navy of no nation. Under President Roosevelt, for once in my life, I stepped out of line with my own party and voted for four battleships and did everything I could do to strengthen the military and naval power of the government."

## EARTH'S RICHEST RUBY MINES

Center of World's Store of Precious Stones Is Known to Be Located in Upper Burma.

The world's ruby center is Mogok, in upper Burma, some 70 miles north of Mandalay. Here are the great ruby mines, one of Burma's most valuable monopolies, says the London Weekly Telegraph. Indeed, not only does this country produce the finest of these coveted gems, but they are recovered in such quantities as to enable her to dominate the market.

Few are aware that, weight for weight, a ruby is more valuable than a diamond. It is estimated that one the color of pigeon's blood, weighing five carats, will sell for ten times the value of a diamond of the same weight. Furthermore, the price increases with the size of the stone.

As the "byon," or earth containing the coveted gems, is taken from the ground it is placed in a great revolving tub. Here it is screened and all loose earth removed by water. The residue is then tipped on the sorting table. A white overseer carefully examines the pile, selecting the true gems from the worthless debris. If he's lucky he may at one sorting find gems worth many thousands of dollars, while on the other hand the yield may be but a hundred dollars or two. The yearly output of rubies from these mines totals about \$400,000.

### SAVES WASTAGE OF LIGHT

Device That Automatically Turns Off Power Has Been Found to Be of Real Value.

One of the considerable sources of fuel waste is the unnecessary burning of electric lights. A large percentage of lights are used chiefly for limited periods, as for instance in clock rooms. They are turned on and then heedlessly left burning. Thus we are constantly recommended to shut off needless lights as a matter of national saving.

An invention designed to remedy this condition is the work of J. E. Lewis of New York. By pushing a button the light is turned on and glows for a predetermined period—say, five or ten minutes—and then is automatically cut off. The device has been tested and found practical and seems useful in the way of checking electric light waste.

## FOLEY KIDNEY PILLS

FOR BACKACHE, KIDNEYS AND BLADDER

## NATIONS' LEAGUE GAINING FRIENDS

IF NOT SUCH AS TO DESTROY MONROE DOCTRINE, SENATE MIGHT APPROVE IT.

### ONE FINE PEACE SUGGESTION

Congress, Though Astonished by the Program of Secretary Daniels, Certainly Will Provide for a Very Strong American Navy.

By ARTHUR W. DUNN.

Washington.—When discussion of the league of nations first began there was an impression that a treaty providing for a league of nations could never get through the senate. It is not at all certain that such a treaty would pass even now. But it must be acknowledged that the possibility of securing a two-thirds majority in the senate is greater than it was before the president sailed for Europe. Of course it makes a considerable difference as to the terms of the treaty and what a league of nations is to do. If it is created simply as a great moral force, without having authority to order armies and navies of various nations about, there will be very little objection to it. If it is such a league as could destroy the Monroe doctrine of America, opposition will be increased.

The great thing which nearly everybody desires is to insure the peace of the world. Perhaps a league of nations will be such a guaranty. Considerable favor has been shown the suggestion of Premier Lloyd George of Great Britain that an agreement should be reached at this coming peace congress that there should be no more conscriptions of men for military service. This would prevent the organization of such an army as Germany had at the beginning of the war. One of the best suggestions, if it could be written into the peace treaty and enforced, is that no nation under any conditions, should be allowed to invade the territory of another nation. While that would not put an end to internal strife, and there could be revolutions here, there and everywhere, it ought to put an end to war between nations.

Secretary Daniels is for a big navy, a larger navy than congress wants to provide for. It generally happens that the department recommends a greater navy than congress will vote for, and murmurs are heard in both senate and house against the program which has been proposed, to build a navy equal to that of Great Britain. Such a program was first suggested by President Wilson in a speech at St. Louis several years ago, before we entered the war. For a number of years it has been claimed that we should have a navy second only to that of Great Britain, and the proposal of Secretary Daniels to have one equal to Great Britain has almost taken the breath away from those congressmen who a short time ago were classed as "big-navy men." While the secretary may not get his way, there is no doubt that provision will be made for a very strong navy.

Congressman Madden of Illinois made a speech in which he complained of general conditions existing in the war and navy departments. The Illinois congressman has run against military discipline exercised to its highest point. The time was when a congressman could get things done in the various departments; but the military men have changed that to a great ex-

tent. Madden was much surprised and angered because, when he presented a very serious case which seemingly merited the discharge of a sailor, he was told that the question of discharge would be decided by the commander of the ship. When he asked if what he had presented would have any weight in the matter, he was informed that it would have none whatever. Madden is of the opinion that it is about time for the military power of the government to become subordinate to the civil power.

G. R. Thompson of Kansas told a Washington newspaper man that experiments with alfalfa indicate that a good quality of sirup for table use can be obtained from it. In the beginning alfalfa was considered a splendid hay product, also grass for cattle. Then it was found out that alfalfa made good feed for hogs. If it can be turned into food for people, it has about reached its zenith. This is the time for "Alfalfa Bill" Murray of Oklahoma to come forward and remind the country that he was one of the first champions of alfalfa and thus gained the name which afterwards gave him a great deal of political prominence.

Senator Ashurst of Arizona introduced a resolution directing the president to open negotiations with Mexico for a cession of Lower California and a large slice of the northern part of Mexico. Senator Borah inquired if Ashurst had not better defer his resolution "until the league of nations is organized; they may distribute that territory to the United States."

"I am fearful that it may go to Japan," remarked Ashurst, with some sarcasm.

To save room in election booths a Minneapolis man has invented a voting machine which three men can use at once and all secretly.

### Out of the Mouths of Babies.

The trouble was caused by father's chickens and his habit of calling them "chicks" for short. At least Bobby thinks it was. He and mother were on the car when one of mother's friends entered. She wore a new hat which was adorned with a beautiful green feather. Bobby was eyeing the feather when he heard mother say to the woman, "You're so chic, you know."

So he drew his own inferences and acted accordingly when the cross next-door neighbor, resplendent in new yellow furs, came to call. He looked at the furs on the woman and then at his mother. Then

"Now, you can call her a cat, moth-er," he informed her.

### Cure for Malignant Measles.

Doctors Dumas and Brissaud of Paris report the case of a man in the last stage of malignant measles, with death in coma threatening. A transfusion of blood from a man who had recovered a week before from uncomplicated measles was resorted to. Two hundred mls of the donor's blood were received in 25 mls containing one gram of sodium citrate, and about 100 mls of the mixture were administered. Within a few hours there occurred not only a temporary fall in temperature but a complete transformation of the patient's general condition. A relapse occurred and another injection of blood was given. An unexpected recovery followed.

### Good Opinion of Himself.

At the station the other day a naval officer on leave was met by his wife and small son. After greeting his wife the father lifted up the boy and kissed him several times and said, "Oh, you don't know how glad papa is to see you!" The boy answered, "You'll be gladder when you get acquainted with me."

### Proceedings in Bankruptcy.

In the District Court of the United States for the District of Minnesota, Fifth Division.

In the matter of Delbert Leonard, Bankrupt. To the Honorable Page Morris, Judge of the District Court of the United States for the district of Minnesota, Delbert Leonard, of Brainerd, in the County of Crow Wing, and State of Minnesota, in said district, respectfully represents that on the 20th day of July, last past, he was duly adjudged bankrupt under the acts of congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge. Dated this 3rd day of January, A. D. 1919.

DELBERT LEONARD, Bankrupt.

United States District Court, District of Minnesota, Fifth Division, ss. On this 6th day of January, A. D. 1919 on reading the foregoing petition, it is

Ordered by the court, that a hearing be had upon the same on the 1st day of March, A. D. 1919, before said court, at Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in The Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place, and show cause, if any they have, why the prayer of the said petitioner should not be granted. And it is further ordered by the court, that the clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable Page Morris, judge of the said court, and the seal thereof, at Duluth, in said district, on the 6th day of January, 1919.

CHARLES L. SPENCER, Clerk.

By J. C. HERMAN ENGEL, Deputy Clerk.

## If We Say It, It's So. If It's So, We Say It.

### Urges Espionage Act Repeal.

Washington, Jan. 11.—Repeal of the espionage act as proposed by him in a bill introduced was urged in the senate by Senator France of Maryland, who declared that in his judgment its enactment was "unnecessary, unjustifiable, unconstitutional." He also argued for full publicity in connection with government business, full diplomacy and immediate release of the wire systems from what he called "the clutch of a reactionary administration."

# Do You Pay Your Bills?

## Men Will Do It

It's easy to get into debt—and it's hard to get out.

When temptation calls, it's easy to take the wrong road, painted bright by our own imaginings, and sometimes mighty hard to steer along the straight and narrow path.

On such occasions, CHARACTER is the compass, the adviser that keeps us right in spite of rosy hallucinations.

And once wrong—it's hard to get back right.

THEN CHARACTER TELLS. Then the REAL MAN will out. And it is this everlasting fight, this eternal effort to resist temptation, to resist what is wrong, that makes a people strong.

It is easy to get into DEBT and hard to get out—oftimes a task—but a task that CONSCIENCE, GOOD BREEDING, BLOOD AND CHARACTER impose and demands filled.

COWARDS WILL SHIRK THE TASK. Weaklings will seek other avenues of escape. MEN WILL FACE THE JOB AND DO IT!

## Reclaim Yourself

Presuming you, gentle reader, are in debt—and sinking further and further as the days pass—are you looking for the easier way—the DEAD BEAT ROUTE through the bankrupt court or have you the courage left to face the music and pay the fiddler—ARE YOU STILL A MAN?

COWARDS SHIRK. And a shirking coward will, in desperation, commit every offense against society listed in the category of crime. There is nothing too low for him to do. A DEAD BEAT IS A COWARD, WHO HAS SHIRKED HIS OBLIGATIONS, SACRIFICED HIS HONOR—HIS NAME—AND HIS ALL for a few paltry pennies.

ASSERT YOURSELF!

PROVE TO THE WORLD THAT YOU ARE NOT A COWARD as you stand accused. PROVE TO THE WORLD THAT YOU ARE A MAN PATTERNER after the image of your Creator.

RECLAIM YOURSELF. No swamp, desert or worked-out nook of the world ever offered a more fertile field for reclamation.

## A Good Name

If your creditors are persistent—it was your persistency in refusing to pay that made them that way. And the more persistent you were, the more persistent they are.

YOU REAP WHAT YOU SOW.

But they do not want to humiliate you. They do not want you to be a DEAD BEAT. They would much rather you have a rating above reproach than one that is a reproach to you.

They want to trust you with their goods. BUT THEY DO DEMAND SETTLEMENT.

All they ask is a square deal. They stand ready to go out of their way to help you back upon the road of respectability and honor.

If you are in the DEBT MIRE—see them—tell them—and they'll meet you more than half way to help you back. But you must DO SOMETHING. Don't expect them to draw a red line under your account and thank you for nothing.

YOU BOUGHT—and you must PAY a hundred cents on the dollar.

Yes, it's hard—but great rewards come high. And this—the greatest reward of all—A GOOD NAME—is worth it.

Brainerd Business Men's Ass'n.

## McADOO'S RAILWAY PLAN IS STARTLING

WOULD MAKE AN EXTRA SESSION NECESSARY IF DECIDED BY THIS CONGRESS.

### MUCH LEGISLATION WAITING

Holiday Recess Likely to Be Shortest on Record—Sharp Exchange Between Mann and Hardy—Pou for Big Navy.

By ARTHUR W. DUNN.

Washington. — Secretary McAdoo, during the closing days of his term as director of railroads, certainly slipped over a legislative bomb which is sure to cause a great deal of discussion if any attempt is made to decide it at this session of congress, a discussion which would force an extra session. The proposition to extend the time of government control of railroads for five years instead of 21 months after the end of the war is a question that will not be determined in any two months' talk. In fact it is almost certain that legislation of this kind is bound to go over to the new congress, as the importance of the subject is very great. One thing is certain: There is enough legislation, reconstruction and otherwise, stacked up ahead of the lawmakers to keep them busy for a long time to come.

It is likely that we are to have the shortest holiday recess ever known in congress. There have been times when congress pretended to be in session, but adjournments of several days precluded the possibility of doing any business. At this time, however, it is not likely that the Christmas recess will be more than two or three days. Even by the saving of that time it is doubtful if congress will be able to avoid an extra session, although everybody is apparently working with great diligence toward that end.

This does not mean that the treaty of peace will be delayed, for the senate can be called in executive session for the purpose of considering the peace treaty without having the house in session. But even with all the speed that can be put upon business it is extremely doubtful whether everything can be cleared up so as to avoid an extra session of congress some time in the spring.

Minority Leader Mann has taken quite an active part in everything that has been brought before the house since he resumed his old position. He spoke on the resolution proposing an investigation of the National Security league which had so severely criticized the loyalty of members of congress, and he remembered that he was a partisan, for he mentioned the fact that somebody furnished a lot of information to a very nice young gentleman who was running against him. "every line of which was a falsehood, but I think he got his information from the Democratic congressional committee." Mann went on to say that "if we are going to investigate all the falsehoods published concerning us, I would commence with the Democratic congressional committee."

Congressman Hardy of Texas interjected a remark to the effect that there were as many false statements about Democrats coming from the Republican committee as from the Democratic committee about Republicans. Mann did not agree to this, on the ground that the Republican committee "never had as vivid an imagination as the Democrats."

## NATIONS' LEAGUE GAINING FRIENDS

IF NOT SUCH AS TO DESTROY MONROE DOCTRINE, SENATE MIGHT APPROVE IT.

### ONE FINE PEACE SUGGESTION

Congress, Though Astonished by the Program of Secretary Daniels, Certainly Will Provide for a Very Strong American Navy.

By ARTHUR W. DUNN.

Washington.—When discussion of the league of nations first began there was an impression that a treaty providing for a league of nations could never get through the senate. It is not at all certain that such a treaty would pass even now. But it must be acknowledged that the possibility of securing a two-thirds majority in the senate is greater than it was before the president sailed for Europe. Of course it makes a considerable difference as to the terms of the treaty and what a league of nations is to do. If it is created simply as a great moral force, without having authority to order armies and navies of various nations about, there will be very little objection to it. If it is such a league as could destroy the Monroe doctrine of America, opposition will be increased.

The great thing which nobody everybody desires is to insure the peace of the world. Perhaps a league of nations will be such a guaranty. Considerable favor has been shown the suggestion of Premier Lloyd George of Great Britain that an agreement should be reached at this coming peace congress that there should be no more conscriptions of men for military service. This would prevent the organization of such an army as Germany had at the beginning of the war. One of the best suggestions, if it could be written into the peace treaty and enforced, is that no nation under any conditions, should be allowed to invade the territory of another nation. While that would not put an end to internal strife, and there could be revolutions here, there and everywhere, it ought to put an end to war between nations.

Secretary Daniels is for a big navy, a larger navy than congress wants to provide for. It generally happens that the department recommends a greater navy than congress will vote for, and murmurs are heard in both senate and house against the program which has been proposed, to build a navy equal to that of Great Britain. Such a program was first suggested by President Wilson in a speech at St. Louis several years ago, before we entered the war. For a number of years it has been claimed that we should have a navy second only to that of Great Britain, and the proposal of Secretary Daniels to have one equal to Great Britain has almost taken the breath away from those congressmen who a short time ago were classed as "big-navy men." While the secretary may not get his way, there is no doubt that provision will be made for a very strong navy.

Congressman Madden of Illinois made a speech in which he complained of general conditions existing in the war and navy departments. The Illinois congressman has run against military discipline exercised to its highest point. The time was when a congressman could get things done in the various departments; but the military men have changed that to a great extent.

### SAVES WASTAGE OF LIGHT

Device That Automatically Turns Off Power Has Been Found to Be of Real Value.

One of the considerable sources of fuel waste is the unnecessary burning of electric lights. A large percentage of lights are used chiefly for limited periods, as for instance in clock rooms. They are turned on and then heedlessly left burning. Thus we are constantly recommended to shut off needless lights as a matter of national saving.

An invention designed to remedy this condition is the work of J. E. Lewis of New York. By pushing a button the light is turned on and glows for a predetermined period—say, five or ten minutes—and then is automatically cut off. The device has been tested and found practical and seems useful in the way of checking electric light waste.

## Earth's Richest Ruby Mines

Center of World's Store of Precious Stones Is Known to Be Located in Upper Burma.

### Center of World's Store of Precious Stones Is Known to Be Located in Upper Burma.

The world's ruby center is Mogok, in upper Burma, some 70 miles north of Mandalay. Here are the great ruby mines, one of Burma's most valuable monopolies, says the London Weekly Telegraph. Indeed, not only does this country produce the finest of these coveted gems, but they are recovered in such quantities as to enable her to dominate the market.

Few are aware that, weight for weight, a ruby is more valuable than a diamond. It is estimated that one the color of pigeon's blood, weighing five carats, will sell for ten times the value of a diamond of the same weight. Furthermore, the price increases with the size of the stone.

As the "byon," or earth containing the coveted gems, is taken from the ground it is placed in a great revolving tub. Here it is screened and all loose earth removed by water. The residue is then tipped on the sorting table. A white observer carefully examines the pile, selecting the true gems from the worthless debris. If he's lucky he may at one sorting find gems worth many thousands of dollars, while on the other hand the yield may be but a hundred dollars or two. The yearly output of rubies from these mines totals about \$400,000.

### Out of the Mouths of Babies.

The trouble was caused by father's chickens and his habit of calling them "chicks" for short. At least Bobby thinks it was. He and mother were in the car when one of mother's friends entered. She wore a new hat which was adorned with a beautiful green feather. Bobby was eyeing the feather when he heard mother say to the woman, "You're so chic, you know."

So he drew his own inferences and acted accordingly when the cross next-door neighbor, resplendent in new yellow furs, came to call. He looked at the furs on the woman and then at his mother. Then

"Now, you can call her a cat, mother," he informed her.

### Cure for Malignant Measles.

Doctors Dumas and Brissaud of Paris report the case of a man in the last stage of malignant measles, with death in coma threatening. A transfusion of blood from a man who had recovered a week before from uncomplicated measles was resorted to. Two hundred mls of the donor's blood were received in 25 mls containing one gram of sodium citrate, and about 100 mls of the mixture were administered. Within a few hours there occurred not only a temporary fall in temperature but a complete transformation of the patient's general condition. A relapse occurred and another injection of blood was given. An unexpected recovery followed.

### Good Opinion of Himself.

At the station the other day a naval officer on leave was met by his wife and small son. After greeting his wife the father lifted up the boy and kissed him several times and said, "Oh, you don't know how glad papa is to see you!" The boy answered, "You'll be gladder when you get acquainted with me."

### Proceedings in Bankruptcy.

In the District Court of the United States for the District of Minnesota, Fifth Division.

In the matter of Delbert Leonard, Bankrupt.

To the Honorable Page Morris, Judge of the District Court of the United States for the district of Minnesota, Delbert Leonard, of Brainerd, in the County of Crow Wing, and State of Minnesota, in said district, respectfully represents that on the 20th day of July, last past, he was duly adjudged bankrupt under the acts of congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge.

Dated this 3rd day of January, A. D. 1919.

DELBERT LEONARD, Bankrupt.

United States District Court, District of Minnesota, Fifth Division, ss.

On this 6th day of January, A. D. 1919 on reading the foregoing petition, it is

Ordered by the court, that a hearing be had upon the same on the 1st day of March, A. D. 1919, before said court, at Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in The Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place, and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable Page Morris, judge of the said court, and the seal thereof, at Duluth, in said district, on the 6th day of January, 1919.

CHARLES L. SPENCER, Clerk.

By J. C. HERMAN ENGEL, Deputy Clerk.

If We Say It, It's So.

If It's So, We Say It.

Urges Espionage Act Repeal.

Washington, Jan. 11.—Repeal of the espionage act as proposed by him in a bill introduced was urged in the senate by Senator France of Maryland, who declared that in his judgment its enactment was "unnecessary, unjustifiable, unconstitutional." He also argued for full publicity in connection with government business, full diplomacy and immediate release of the wire systems from what he called "the clutch of a reactionary administration."
